H.V. BAKEABLE RADIATION RESISTANT CABLE

SPECIFICATIONS:

- Operating voltage: 7,5 kV.DC
- Max temperature: -20°C / +220°C
- Radiation resistance: 10 E 9 rads
- Minimum bending radius: 60 mm
- Net weight (929-0705): lbs 0.95 (Kg 0.43)

DISPOSAL

Meaning of the "WEEE" logo found in labels
The following symbol is applied in accordance with the EC WEEE (Waste Electrical and Electronic Equipment) Directive. This symbol (valid only in countries of the European Community) indicates that the product it applies to must NOT be disposed of together with ordinary domestic or industrial waste but must be sent to a differentiated waste collection system. The end user is therefore invited to contact the supplier of the device, whether the Parent Company or a retailer, to initiate the collection and disposal process after checking the contractual terms and conditions of sale.
