

## **Agilent Technologies Environmental Policy**

Agilent is committed to acting in an environmentally responsible manner. To achieve this result, we:

1. Ensure our products and operations and services comply with relevant environmental legislation and regulations.
2. Maintain and continually improve our environmental management systems to conform to the ISO14001 Standard or more stringent requirements as dictated by specific markets or local regulations.
3. Operate in a manner that is committed to continuous improvement in environmental sustainability through recycling, conservation of resources, prevention of pollution, product development, and promotion of environmental responsibility amongst our employees.
4. Responsibly manage the use of hazardous materials in our operations, products and services, and promote recycling or reuse of our products.
5. Inform suppliers, including contractors, of our environmental expectations and require them to adopt environmental management practices aligned with these expectations.
