

## **Agilent Technologies Occupational Health and Safety Policy**

Agilent is committed to health and safety practices and work environments that enable our people to work injury and illness free. To achieve this result, we:

1. Ensure Agilent Technologies operations comply with applicable occupational health and safety regulations and when appropriate implement additional controls to meet company requirements.
2. Assure managers and employees are trained and accountable for preventing work-related injuries and illnesses.
3. Operate an occupational health and safety management system that ensures continuous improvement through risk assessment, risk minimization, and performance reporting.
4. Provide wellness programs that contribute to the productivity, health and well-being of employees.
5. Inform suppliers, including contractors, of our occupational health and safety expectations and require adoption of sound occupational health and safety management practices.
