Implementing Improvements

Here are just a few examples of the improvements we have made based on your feedback

Improved Digital Access

- Easily find and purchase products online
- Improved online troubleshooting and access to help articles on the Agilent Community site
- Expanded web chat allows quicker access to live online assistance

Expanded Virtual Engagement

- Gain full access to Agilent resources.
- Agilent conferences
 - Webinars
 - Virtual sales
 - Crosslab Virtual Assist for customer support

Improved Account and Lab Management

- Enhanced ability to manage accounts, quote, and order online
- CrossLab Connect manages laboratory instruments and daily lab operations
- New outcome-based application consulting service

Ease of Doing Business

- New business model approaches: subscription, leasing, flexible spend accounts
- Easy access of self-paced training with the Agilent University ePass subscription
- Improved communication from order placement through installation

"Website product search relevance has improved, product classification and item organization are clearer, which indeed improves the web experience."

– China

"Remote instructions using Virtual Assist made it easier and smoother to communicate with the person in charge, which was very helpful."

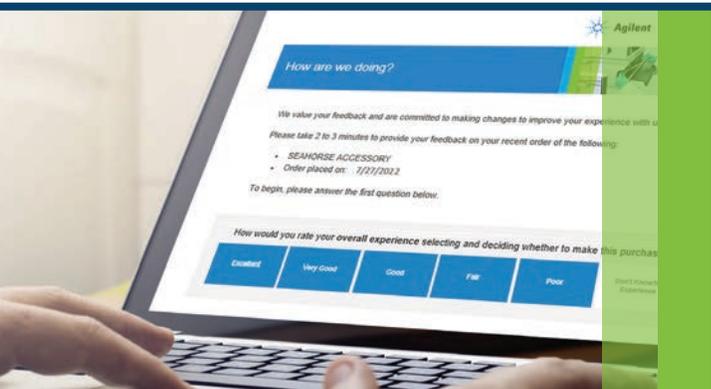

– Japan

"So easy to use - to find, order and checkout!! Exactly what I expect from automated account!!"

– USA

"Agilent provides lots of useful information for researchers and analysts. Personally, I like the training, material and services they provide for users."

– India

Agilent Customer Experience Survey Making Agilent better for you

Watch for an invitation from **AgilentListens@agilent.com** to participate in the Agilent Customer Experience Survey.
