Agilent CP-Al₂O₃/KCl

A collection of citations to advance your research

Table of contents

[Energy and chemicals](#)

Energy and chemicals

[CO hydrogenation over Re-Co bimetallic catalysts supported over SiO₂, Al₂O₃ and NaY zeolite](#)

Reaction Kinetics and Catalysis Letters, **74**, 259-269 (2001)
L. Guzzi *et al.*

Tags
CP-Al₂O₃/KCl, energy and chemicals

Abstract

In an analysis of rhenium catalysts, reaction products were measured using an Agilent J&W CP-Al₂O₃/KCl GC column. Published by Springer.

[Isomerizations of cycloheptane to methylcyclohexane and cyclooctane to ethylcyclohexane catalyzed by sulfated zirconia](#)

Catalysis Letters, **89**, 105-107 (2001)
D. Satoh *et al.*

Tags
CP-Al₂O₃/KCl, energy and chemicals

Abstract

An investigation of SO₄/ZrO₂ catalysts used an Agilent J&W CP-Al₂O₃/KCl GC column to study reaction mechanisms. Published by Springer.

[Non-oxidative methane transformations into higher hydrocarbons over bimetallic Pt-Co catalysts supported on Al₂O₃ and NaY](#)

Topics in Catalysis, **39**, 35-43 (2006)
L. Borkó, L. Guzzi

Tags
CP-Al₂O₃/KCl, energy and chemicals

Abstract

Methane conversion was analyzed with an Agilent J&W CP-Al₂O₃/KCl GC column. Published by Springer.

[Re-Co/NaY and Re-Co/Al₂O₃ bimetallic catalysts: in situ EXAFS study and catalytic activity](#)

Catalysis Letters, **89**, 169-182 (2002)
D. Bazin *et al.*

Tags
CP-Al₂O₃/KCl, energy and chemicals

Abstract

Agilent J&W CP-Al₂O₃/KCl GC column was used for the analysis of reaction products after rhenium catalysis. Published by Springer.

[Improved performance of Mo-V-Te-Nb-O_x catalysts prepared from a solution containing drying control chemical additives in propane oxidation to acrylic acid](#)

Korean Journal of Chemical Engineering, **28**,
1364-1371 (2011)
Sang Seop Kum, Yoon Sik Park, Sang Heup
Moon

Tags
CP-Al₂O₃/KCl, energy and chemicals

Abstract

Propane oxidation using an improved catalyst was studied using an Agilent J&W CP-Al₂O₃/KCl GC column. Published by Springer.

[On the Product Formation in 1-Butene Metathesis over Supported Tungsten Catalysts](#)

Catalysis Letters, **137**, 169-182 (2010)
Liesel Harmse, Charl van Schalkwyk, Eric van
Steen

Tags
CP-Al₂O₃/KCl, CP-Sil PONA CB,
energy and chemicals

Abstract

Gaseous reaction products were analyzed using Agilent J&W CP-Al₂O₃/KCl and CP-Sil PONA CB GC columns. Published by Springer.

[Effect of hydrogen on methane conversion to hydrocarbons in "one-step" reaction under non-oxidative conditions at low temperature over Pd-Co/SiO₂ catalysts prepared by the sol/gel method](#)

Catalysis Letters, **54**, 33-39 (1998)
L. Guzzi *et al.*

Tags
CP-Al₂O₃/KCl, energy and chemicals

Abstract

Methane conversion reactions were analyzed with an Agilent J&W CP-Al₂O₃/KCl GC column. Published by Springer.

[Seeding on the synthesis of MCM-22 \(MWW\) zeolite by dry-gel conversion method and its catalytic properties on the skeleton isomerization and the cracking of hexane](#)

Materials Transactions, **46**, 2651-2658 (2005)
Shyamal Kumar Saha *et al.*

Tags
CP-Al₂O₃/KCl, energy and chemicals

Abstract

The products of the catalytic cracking of hexane were analyzed using an Agilent J&W CP-Al₂O₃/KCl GC column. Published by the Japanese Institute of Metals.

[Overlayer Bimetallic Catalysts or Particle Size Effects? A Comparison of Re@ Pd Catalysts with Different Particle Sizes](#)

Catalysis Letters, **143**, 966-974 (2013)
Michael D. Skoglund, Joseph H. Holles

Tags
CP-Al₂O₃/KCl, energy and chemicals

Abstract

An Agilent J&W CP-Al₂O₃/KCl GC column was used for reactivity studies in an investigation bimetallic catalysts. Published by Springer.
