FREE UP YOUR MINERALS ANALYSIS

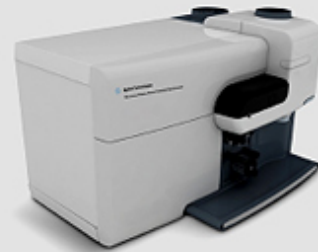

REDUCE COSTS, WORK ANYWHERE
WITH SAFE ELEMENTAL ANALYSIS
THAT RUNS ON AIR

Easy, affordable minerals analysis where you need it.

The Agilent 4200 MP-AES runs on air, providing a safer more cost effective on-site minerals analysis solution, wherever your location.

The 4200 MP-AES frees you up to:

- **Reduce costs, increase safety** with analyses that runs on air instead of flammable gases.
- **Simplify operation** with intuitive software and hardware, enabling any user to quickly become an expert.
- **Analyze anywhere** with reliable on-site minerals analysis, even in remote locations.

Start saving: [Use the MP-AES Cost Savings Estimator](#) to find out how much your lab can save by switching to MP-AES.
