SPEctacular begins with SPE

Agilent shares your commitment to safeguarding our environment. Sample prep plays an essential role in keeping our natural resources clean and free of chemical contaminants. Our products allow you to efficiently extract analytes from any matrix – to ensure accurate, reproducible, and *spectacular* results right from the start.

PAH in drinking water App Note

[Determination of 24 PAHs in drinking water using automated SPE with Bond Elut Plexa](#)

Drug residues in wastewaters App Note

[Determination of drug residues in surface and municipal waste-waters by SPE with Bond Elut PPL](#)
