

Functional MRI of the Human Brain

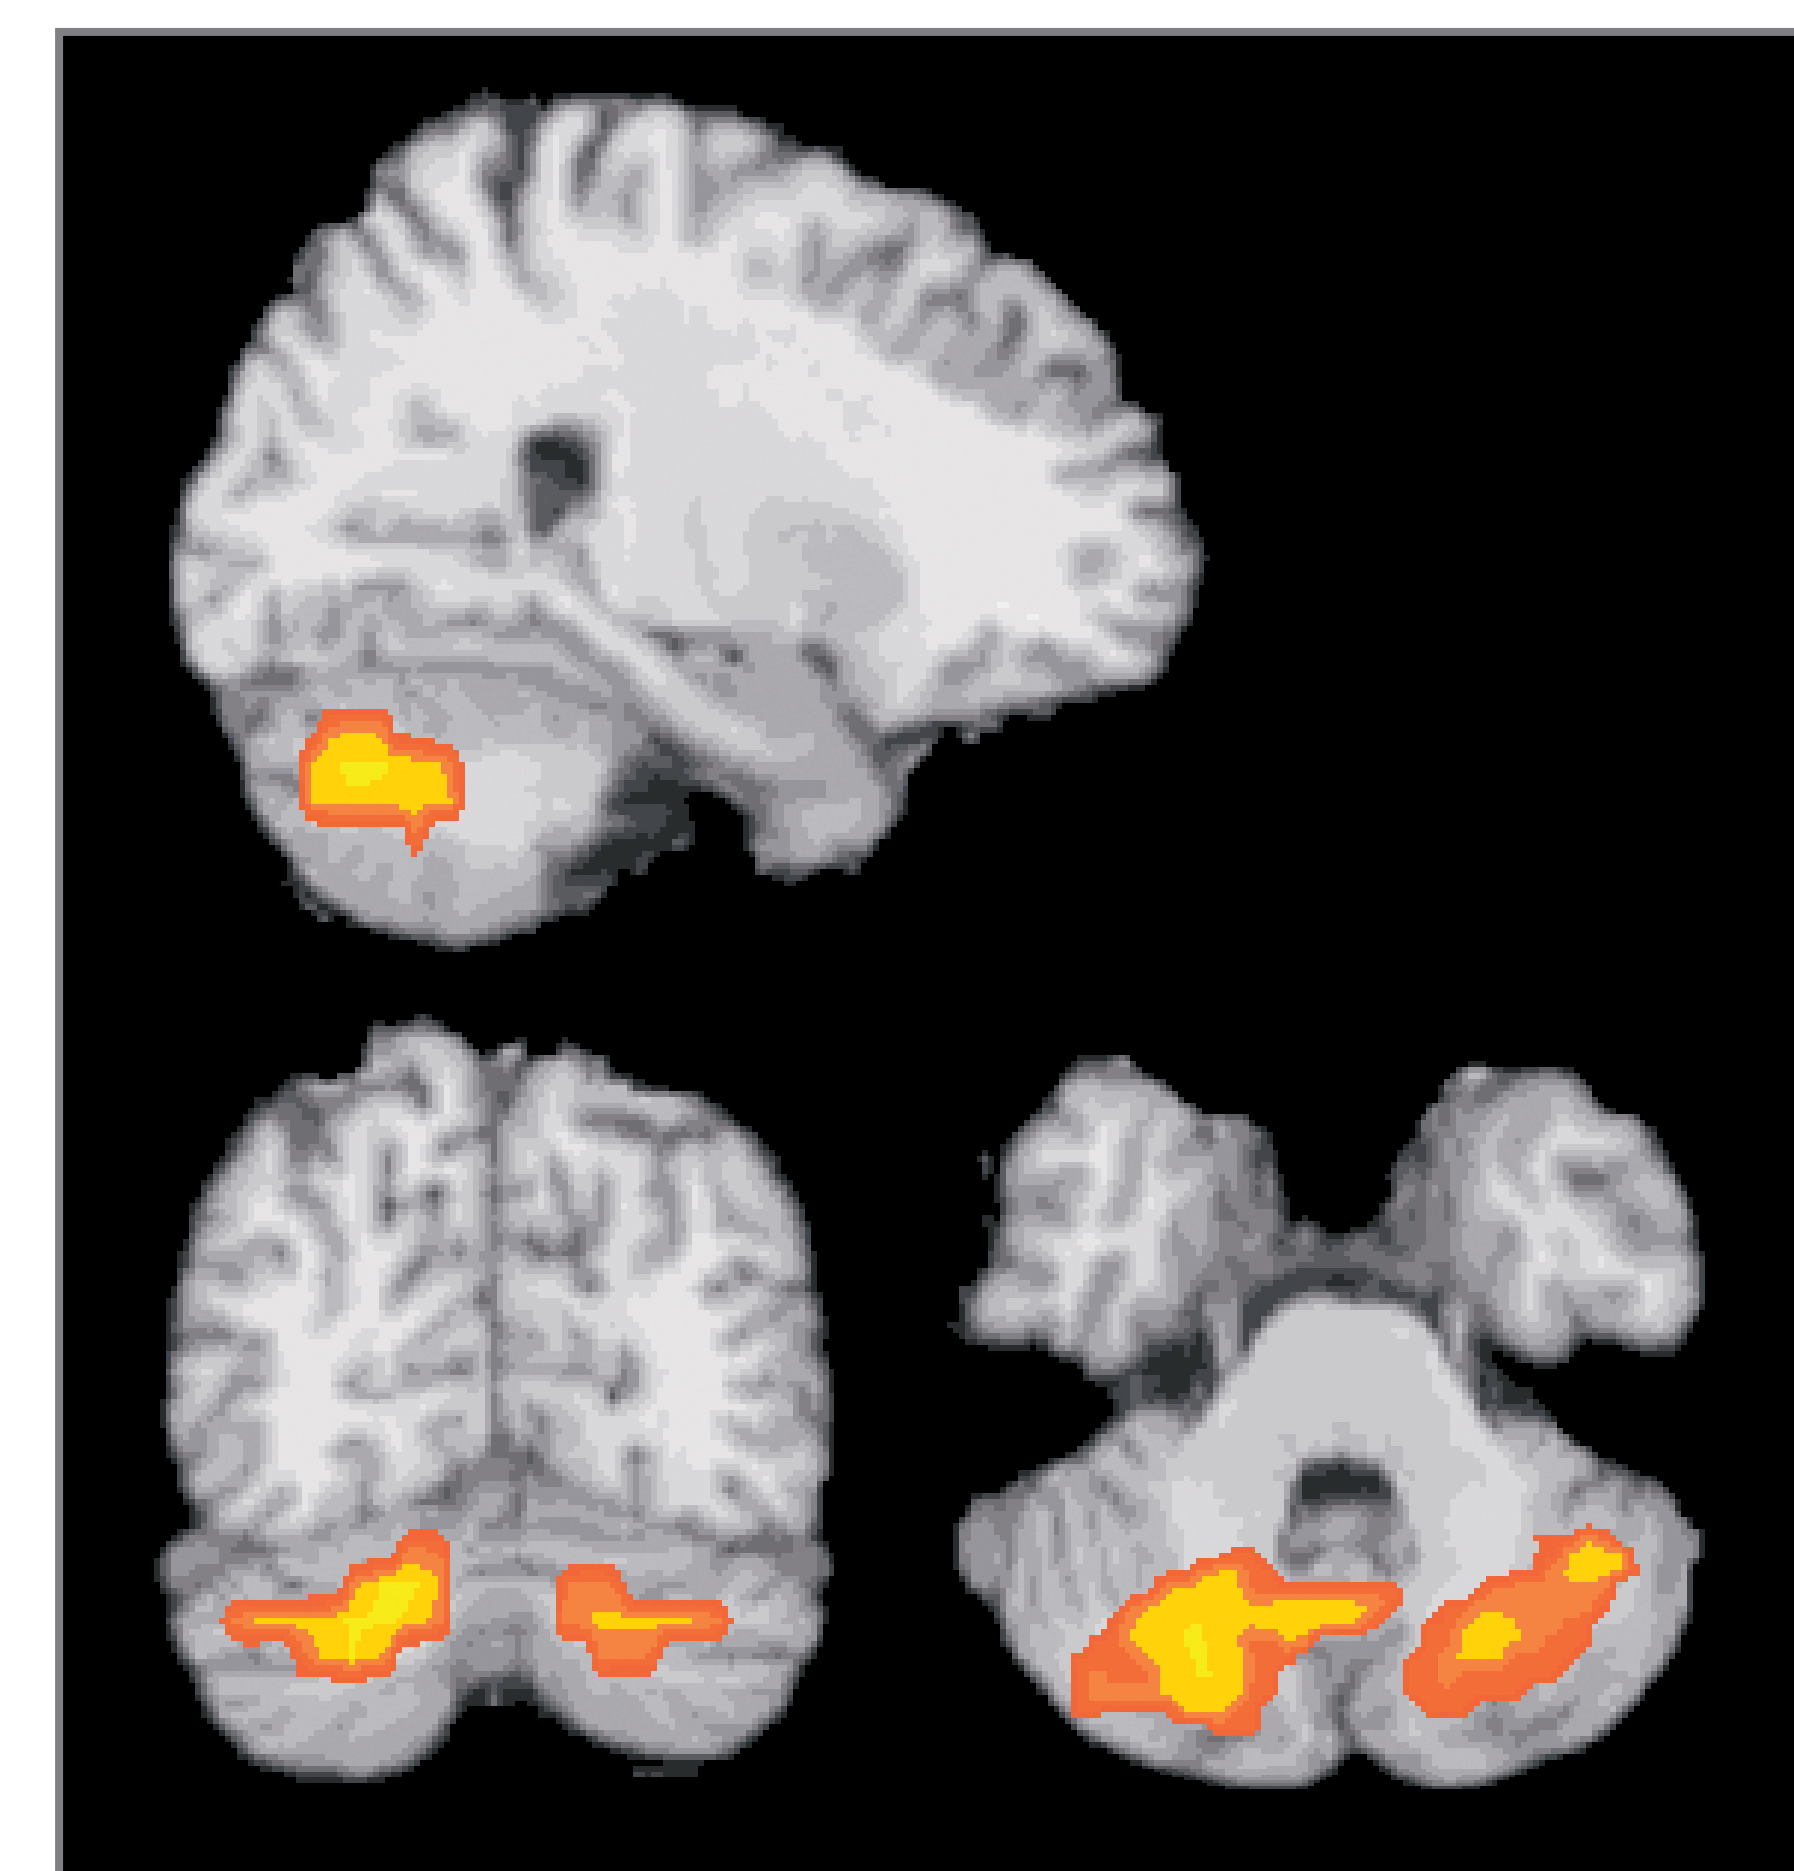

High-resolution fMRI, visual stimulation, BOLD
7T whole body system
University of Minnesota

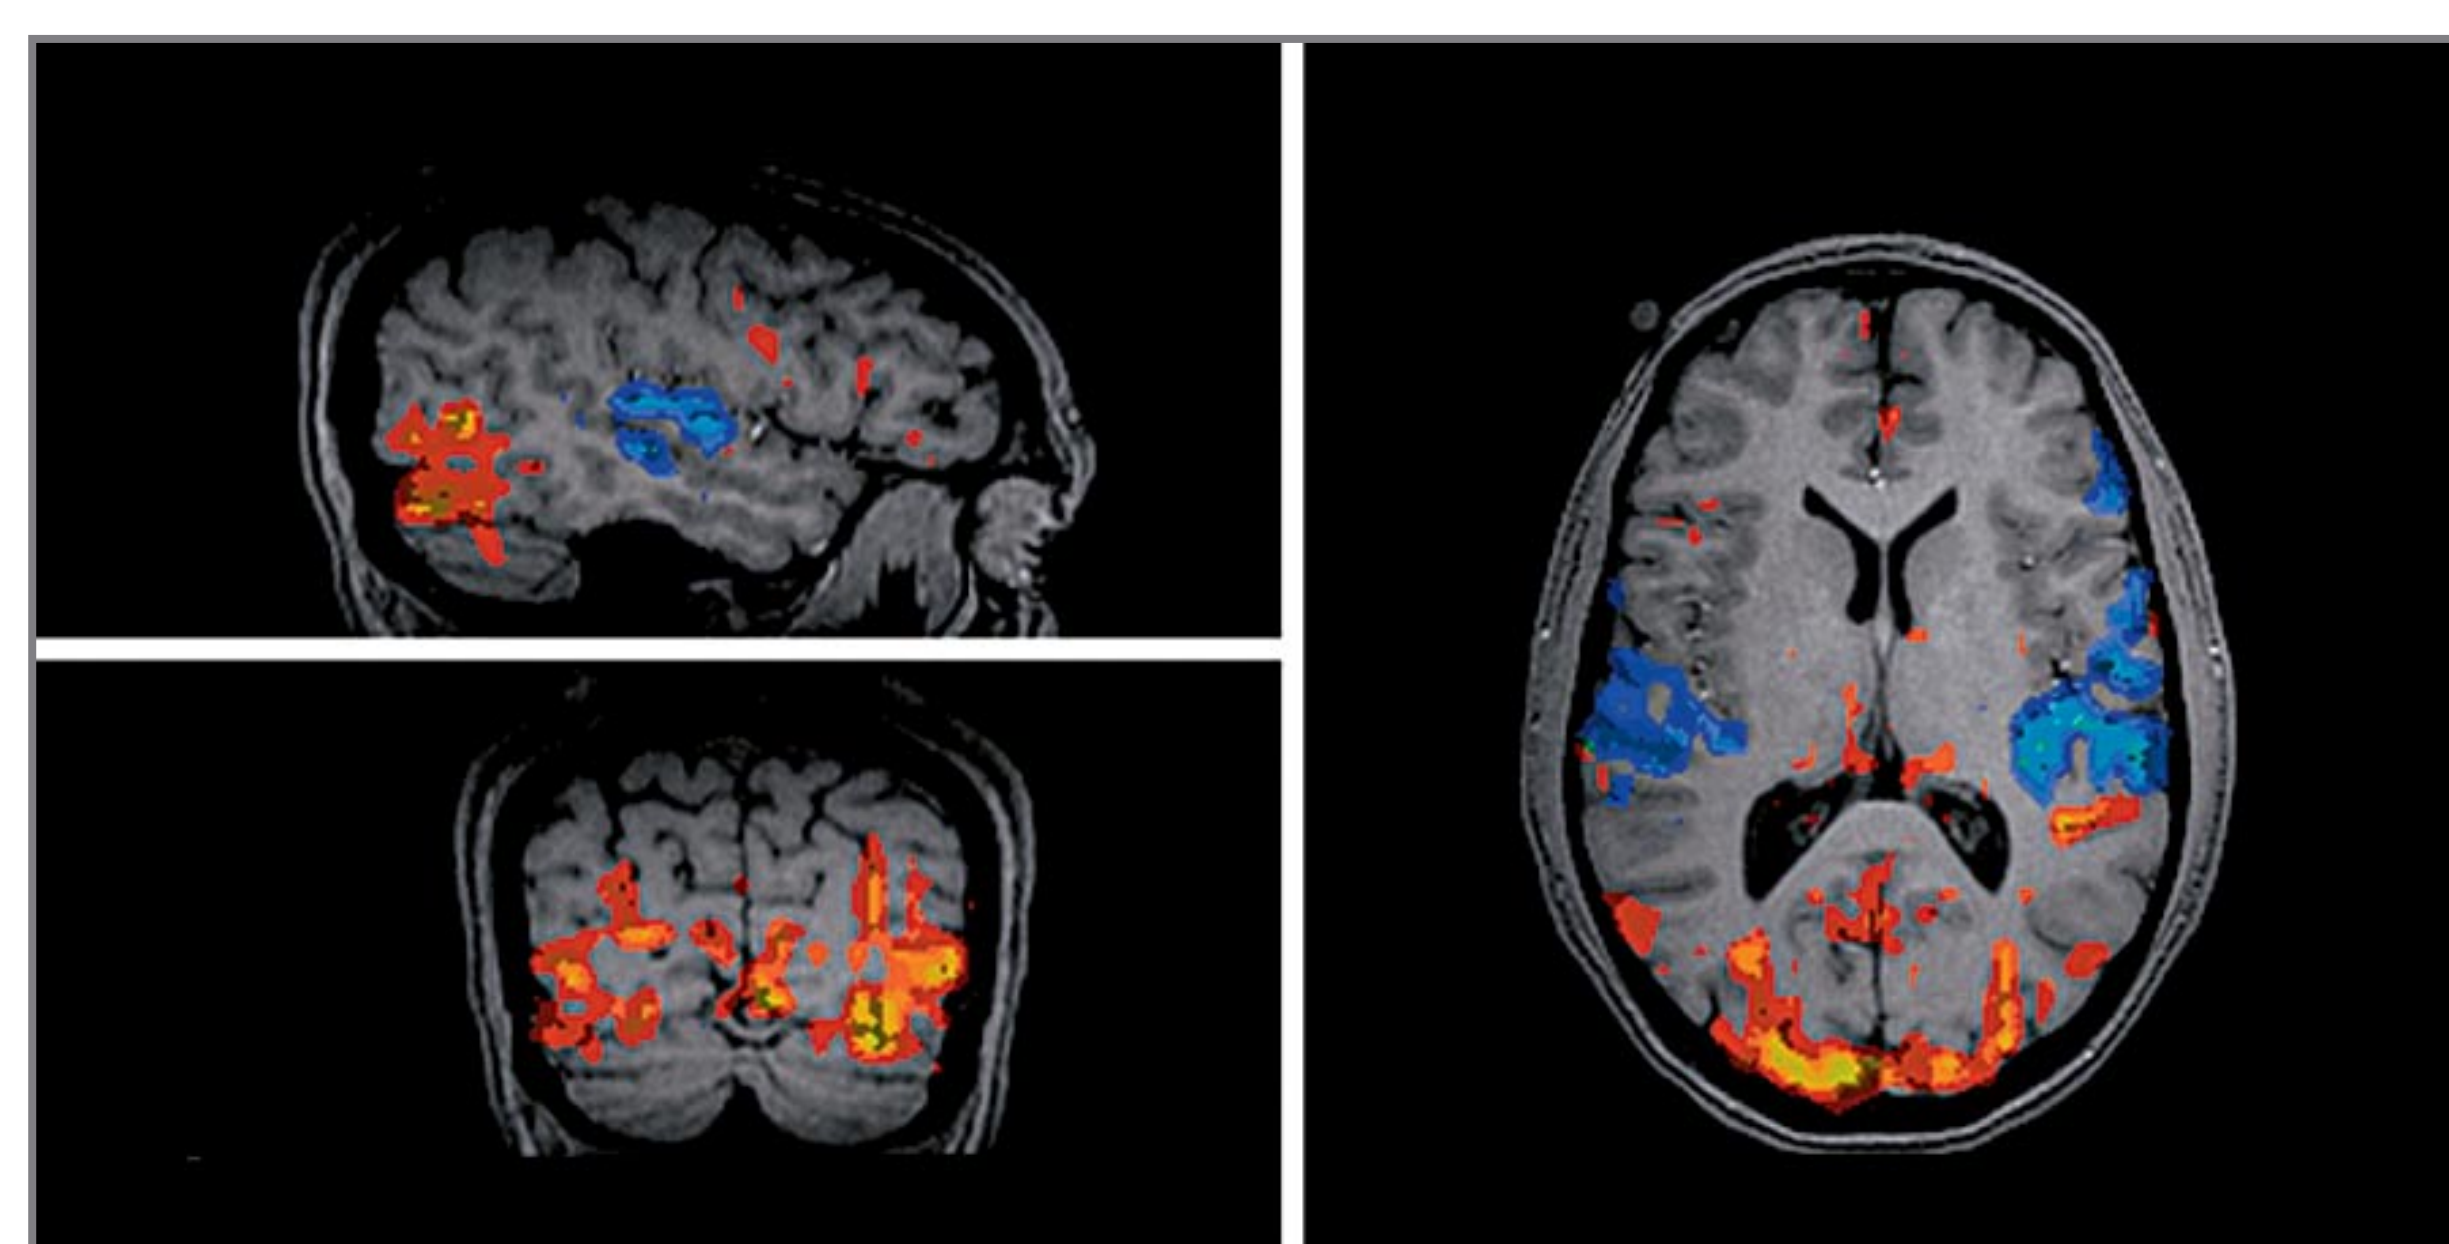

Perfusion-based fMRI, vs BOLD
7T whole body system
University of Minnesota

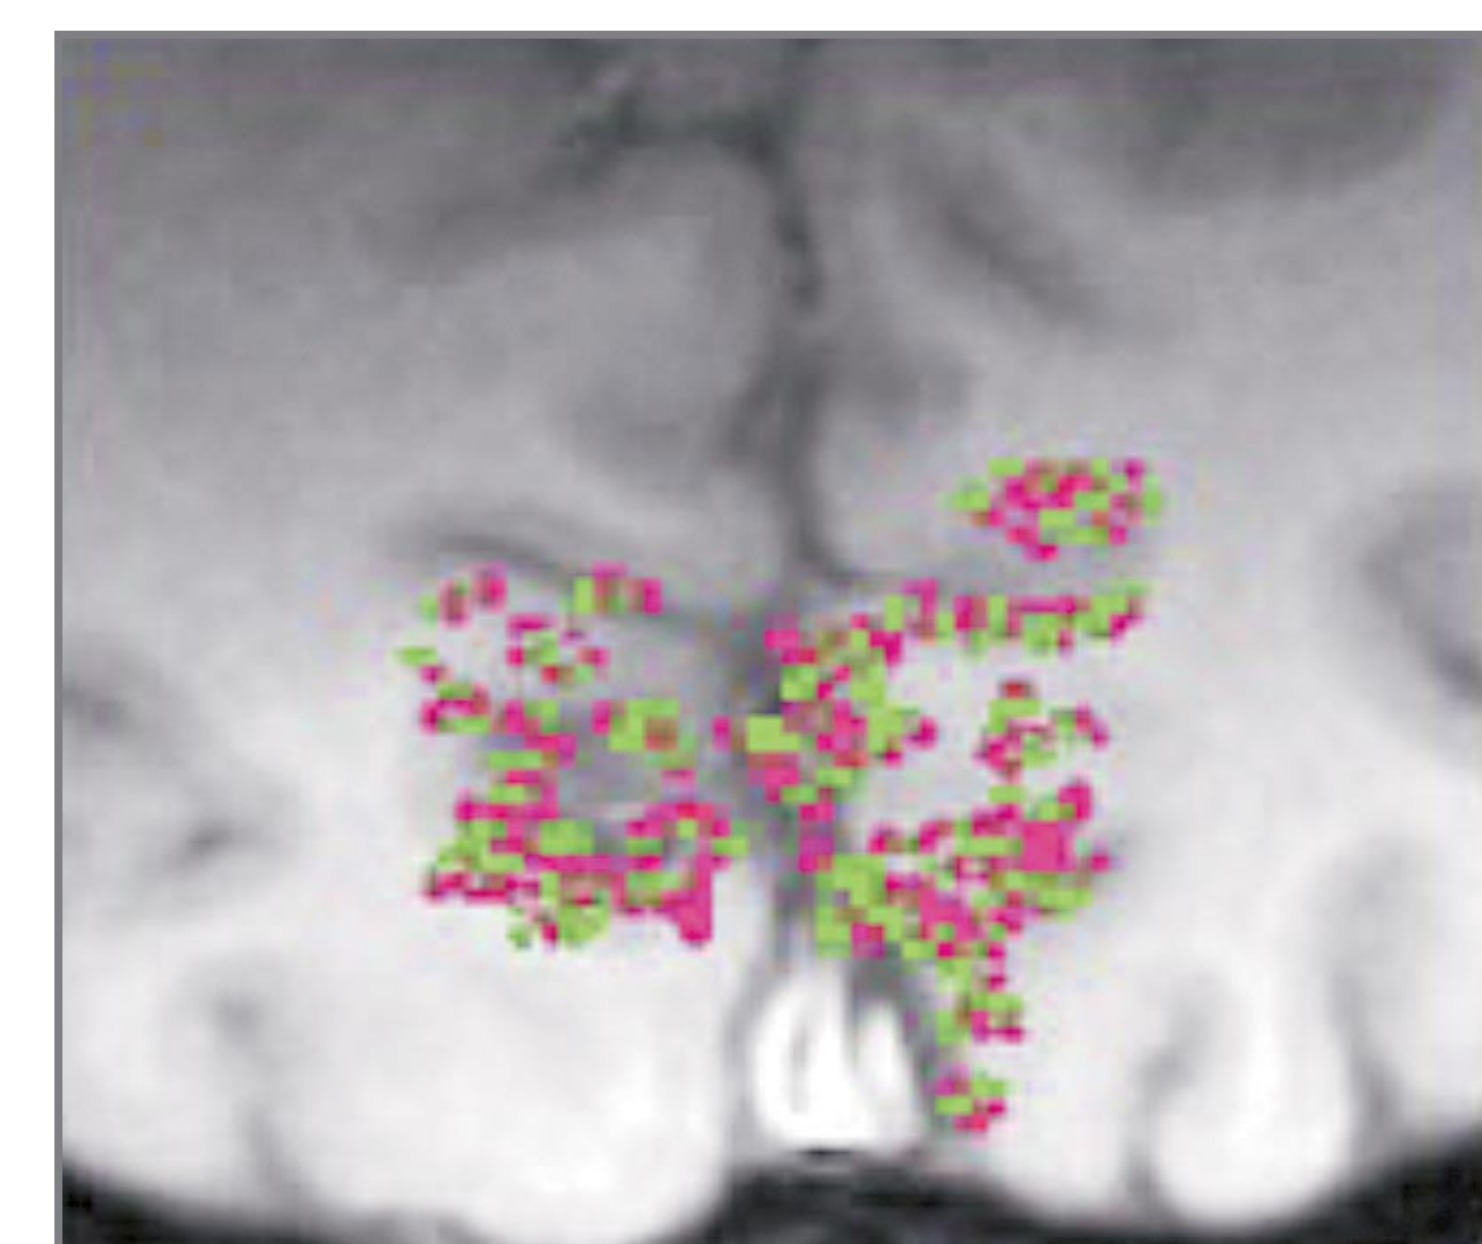

Creative intelligence, BOLD
3T whole body system
FMRIB, Oxford, UK

Cerebellar coordination of eye and hand movements, BOLD
3T whole body system
FMRIB, Oxford, UK

Simultaneous audio and visual stimulation, BOLD
3T whole body system
FMRIB, Oxford, UK

Ocular dominance, BOLD
4T whole body system
Robarts Research Institute, Canada
