

# Agilent vials

The foundation for quality results.

**Special Offer—Get 200 Vials FREE**

## Build your analysis on high-performance vials from Agilent.

Don't let the smallest part of the sequence become the biggest reason for failed analysis. **Choose Agilent vials.** Agilent vials are manufactured to tight specifications to ensure that each vial works seamlessly with your Agilent autosampler's gripping and injection mechanism.

## For results you can trust – start with Agilent vials.

Agilent vials are:

- Designed with the same exacting specifications as Agilent instruments
- Packed in a clean, sealed environment to reduce contamination
- Available in a wide variety of fill volumes, shapes and options like standard, certified or deactivated
- Supplied in pack sizes from 100 to 100,000

## Buy today and save on high-quality Agilent vials.

For a limited time, receive 200 vials for FREE when you purchase \$200 or more of Agilent vials

## Visit [www.agilent.com/chem/saveonvials](http://www.agilent.com/chem/saveonvials)

Offer is valid through Agilent and Agilent authorized distributors. Offer expires May 15, 2010.

### To order call:

800-227-9770 (in U.S. and Canada),  
or contact your local Agilent Representative  
or Agilent Authorized Distributor.

Please use code **AFO Direct – 8527** or **AFO Indirect – 8528** when ordering.

Our measure is your success.

## High-quality vials in quantities of 100 to 100,000

### A sampling of our broad portfolio:

|  |  |
|--|--|
| Certified crimp closure 2 mL vials, amber glass with write-on spot, 100/pk   | 5181-3376  |
| Certified screw closure 2 mL vials, clear glass, deactivated, 100/pk   | 5183-2070  |
| Convenience pack, snap closure 2 mL vials, clear glass, 500/pk, plus clear PP snap caps with PTFE/natural rubber septa, 500/pk | 5182-0547<br>(packaged in a reusable six-drawer cabinet) |
| Pre-assembled screw closure 2 mL vials, clear glass with write-on spot, plus blue screw caps with PTFE/silicone septa, 100/pk  | 5182-0865  |
| Crimp closure 2 mL vials, amber glass with fixed 300 µL insert   | 5188-6572  |

### Use Agilent certified vials for the best start you can get.

- *Agilent certified vials keep your autosampler performing at its best, since they were designed together*
- *Certification ensures that vials are manufactured with the highest quality glass available to meet the requirements of U.S. and European Pharmacopoeia*
- *Tighter quality control ensures that proper parameters are maintained throughout manufacturing*

### Caps and Septa

Complete your vial enclosure with Agilent caps and septa. Caps are available in a variety of sizes, styles, materials and colors. Agilent septa are available in numerous material choices for compatibility with a broad range of samples. They are specially designed for optimum system performance with minimal coring and superior chemical inertness.
