

STRETCH YOUR BUDGET WITH CONFIDENCE INVEST IN AGILENT

The Measure of Confidence

Agilent Premium Refurbished Instruments

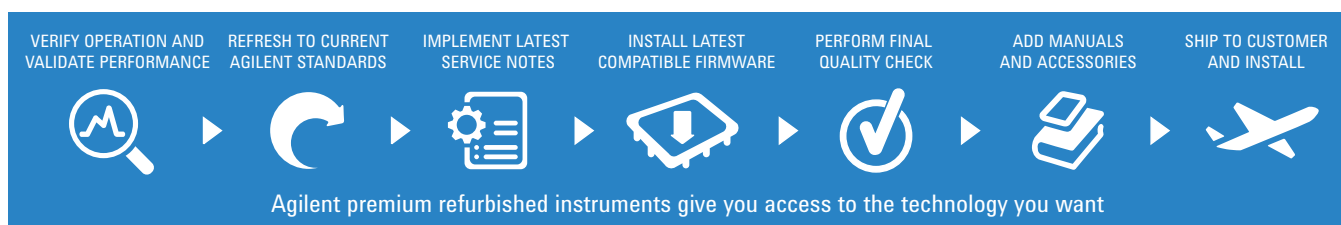

Is your budget limited? Are you looking for analytical technology at an attractive price? You no longer need to search the Internet because here's the answer: Agilent Technologies. The leader in chromatography now offers premium refurbished instruments with the performance you expect from the original equipment manufacturer.

Why should you consider purchasing refurbished instruments from Agilent?

Your experience – proven technology from a name you know and trust!

- Technology at an attractive price – stretching your tight budget
- Standard accessories – including full set of same accessories as shipped with new instruments
- Additional upgrade options available through Agilent's instrument design and backwards compatibility (selected models)
- Refurbishment performed to Agilent's standards
- Rigorous refresh – including comprehensive electro-mechanical and operational performance validation as well as cosmetic enhancements
- 12 months warranty – the same as a new Agilent instrument
- Access to Agilent's resources for service agreements, technical support, columns, supplies, software, accessories and repair parts
- And of course the reputation of Agilent's high quality that you have come to expect from the industry leader

Thorough refurbishing process
