

GO. MOVE BEYOND INSTRUMENTATION AND GET YOUR LAB ON THE "FAST TRACK" TO RESULTS

The Measure of Confidence

Agilent Analyzers and Application Kits

Spend less time on method development and system configuration, and more time producing quality results

With Agilent Analyzers and Application Kits, you can

- Significantly reduce your time from system arrival to validation
- Leverage proven technology to meet your unique challenges
- Lower your operating costs, and maximize uptime

GC and GC/MS Analyzers and Application Kits:
Fast system validation and data generation

Micro GC Analyzers:
Efficiency when every second counts

Analyzers and Application Kits are **complete workflow solutions** that incorporate not just instruments, but also advanced technologies for GC, GC/MS and Micro GC. What's more, we have **optimized** these solutions for specific applications, giving you the fastest return on your investment.
