

BUILDING BETTER SCIENCE

OPENLAB CDS ACADEMIA & RESEARCH SPECIAL OFFER

Improve Your Flexibility and Productivity!

OpenLAB CDS software is designed to increase laboratory productivity by reducing the time spent on data processing, review, reporting and re-analysis. Now Agilent offers a cost-effective way to process your data offline.

Take advantage of this limited time offer available only to non-profit academia and research institutions.

- **Offer #1: Customers purchasing a New OpenLAB CDS workstation**
Buy one full OpenLAB CDS ChemStation or EZChrom Edition workstation, right-to-copy or upgrade product and receive five free* copies of the OpenLAB CDS ChemStation or EZChrom Edition Data Analysis software.
- **Offer #2: Current OpenLAB CDS Workstation Customers****
If you already own an OpenLAB CDS workstation and you only need additional Data Analysis software, Agilent is offering five copies of OpenLAB CDS ChemStation or EZChrom Edition Data Analysis software at a special price*.
- **Offer #3: Try New OpenLAB Data Analysis!****
As an alternative for current OpenLAB CDS customers, New easy-to-use OpenLAB Data Analysis allows you to quickly process and review large sets of data. It supports Chemical & Energy applications and allows processing of GC and 2D-LC data. Agilent is offering five copies of the New OpenLAB Data Analysis software at a special price*.
