

ANALYZE COMPLEX FOOD SAMPLES FASTER AND WITH HIGHER CONFIDENCE

Combine Agilent Innovations - Get the Strongest Food Solution

Perform multi-residue LC/MS or GC/MS analysis on complex food samples faster and with higher data confidence through the combined benefits of Agilent's innovative technologies.

Agilent innovation	Productivity wins	Cost savings	Performance benefits
Poroshell LC columns	Shorter run times	High sample throughput	Improved resolution
Ultra Inert GC columns	Less time wasted troubleshooting questionable results	High performance analysis avoids costly reruns	Optimized sensitivity and accuracy when analyzing trace-level active analytes
EMR—Lipid	Faster data analysis with less matrix interference	Cleaner samples reduce instrument downtime	Greater confidence in data reliability and reproducibility

Explore additional innovations and solutions that can improve your GC or LC workflows.

- Ultra Inert GC liners and supplies
- A-Line fittings
- Self Tightening Column Nut
- QuEChERS extraction kits

Save now on a bundle

Buy one box of EMR—Lipid dSPE and one Poroshell LC or Ultra Inert GC column in the same order and receive 25% off both.*

Use Promo Code: 9565 at www.agilent.com/chem/store or contact your local Agilent representative.

*Only eligible for LC or GC columns.
Note: Final Polish for EMR—Lipid may be necessary depending on target analytes.
