

Refresh Your Dissolution Lab

Enhance your workflow with
new products from Agilent

Now is the perfect time to invest in innovative solutions from Agilent's outstanding selection of dissolution testing products. For a limited time, you can save up to 40 % on Agilent instruments – and receive free* bonus products.

Upgrade your Dissolution Lab

Invest in a new Agilent dissolution instrument and expand your lab's capabilities. Contact your Agilent representative or Agilent authorized distributor to request your individual offer.

Promotion ends May 31, 2018 – **Use Code 9955**

www.agilent.com/chem/contactus

Get more

Of course, instrumentation is just one aspect of the complete solution for your laboratory. We also provide:

- Dissolution consumables and accessories
- Instrument qualification and preventative maintenance
- Application help, training, and e-seminars

Promotion Conditions

This promotion cannot be combined with any other current promotions or special offers. Promotion products cannot be substituted with other Agilent products. Customers must reference the promotion code upon order placement. Agilent Technologies reserves the right to modify or discontinue this offering, during the promotional period.

Trade in and save with these special offers:

LEVEL 1

Trade in one dissolution apparatus – any brand – and receive a 35 % discount on the purchase of a new Agilent 708-DS Dissolution Apparatus.

Bonus: Get free* Agilent Dissolution Workstation Software and an Agilent 280-DS Instrument Module, and bring your data into compliance.

LEVEL 2

Trade in one dissolution apparatus and sampler – any brand – and receive a 37 % discount on the purchase of a new Agilent 708-DS Dissolution Apparatus and Agilent 850-DS Sampling System.

Bonus: Get free* Agilent Dissolution Workstation Software and an Agilent 850-DS filter module. See why 0.2 or 0.45 μm filtration has never been easier.

LEVEL 3

Trade in two dissolution apparatus and samplers – any brand – and receive a 40 % discount on the purchase of two Agilent 708-DS Dissolution Apparatus and 850-DS Sampling Systems.

Bonus: Get a free* Agilent 280-DS Mechanical Qualification System. Not many devices have changed dissolution the way the 280-DS MQS has.

* For processing purposes, an overall promotion discount will be applied to all promotional products on the order.
