

Shorten Your Path from Purchase to Productivity

Agilent CrossLab Start Up services

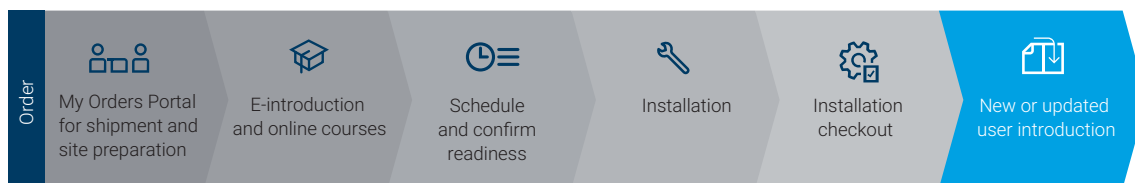

Get on the fast track to better outcomes. Agilent CrossLab Start Up services can help you prepare your site, familiarize yourself with operations, and gain the knowledge you need to maximize uptime and accuracy.

Choose from three pathways to success

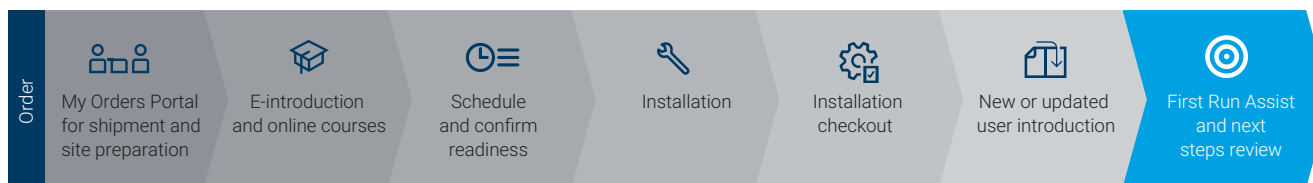

Installation with standard introduction

Choose this path for installation, testing, and in-person guidance.

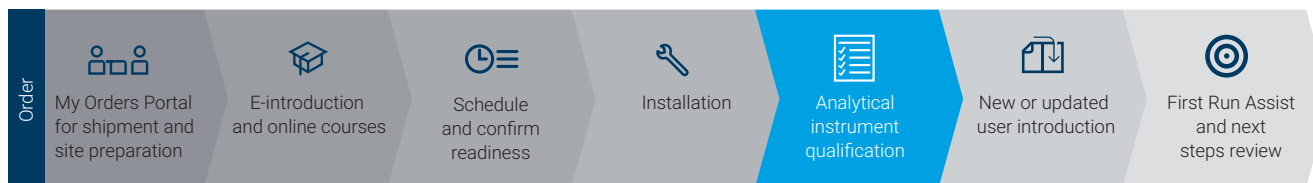

Installation and introduction with First Run Assist

Choose this path to jump-start your analytical journey using your method parameters.

Installation and introduction, First Run Assist, and compliance

Choose this path to support your **Analytical Instrument Qualification (AIQ)** process.

We're always here to help

Looking for tips, tools, and videos?

The Agilent Resource Center is your one-stop hub for minimizing costly downtime and achieving great results. Here, you'll get instant access to how-to videos, maintenance procedures, training opportunities, and much more.
