This is How you ICP-MS: Mastering the Art of Cone Performance

Webinar

Speaker:
Gareth Pearson
ICP-MS Spectroscopy Supplies
Product Manager
Agilent Technologies

Tuesday September 18th, 2018
Broadcast #1 – North America:
1:00 pm PDT (Los Angeles)
3:00 pm CDT (Chicago)
4:00pm EDT (New York)

Broadcast #2 – Asia Pacific:
9:30 a.m. IST (New Delhi)
12:00 p.m. SGT (Singapore)
2:00 p.m. AEST (Sydney)

Wednesday September 19th, 2018
Broadcast #3 – Europe:
10:00 am BST (London)
11:00 am CEST (Paris)

On Demand Webinar (post 19th September 2018)

ICP-MS instrument users attending this event will learn how to:
¬ Select the right cone for your needs
¬ Understand the risks and costs associated with use of non-genuine cones
¬ Avoid instrument downtime and QC failures associated with poor performance
¬ Maximize your investment in interface cones
¬ Extend your cone lifetime
¬ Avoid costly damage to cones through mis-handling

Who should attend:
¬ ICP-MS users
¬ Laboratory managers
¬ Those involved with maintaining ICP-MS instruments

Why you should attend:
¬ As a major supplier of spectroscopy and chromatography instruments, supplies and services, Agilent can assist ICP-MS instrument users reach new levels of productivity and efficiency by providing access to the power of its resources, knowledge and expertise.
