

# EFFECTIVE IMPLEMENTATION OF LC/MS IN THE ANALYSIS OF BIOTHERAPEUTICS

The Measure of Confidence

[www.agilent.com/chem/Meeting\\_LCMS](http://www.agilent.com/chem/Meeting_LCMS)

## Agenda:

8:30 – 9:00 am	Registration
9:00 – 9:10 am	Welcome and Introduction
9:10 – 9:50 am	Application of Mass Spectrometry in the Characterization of BioSimilar and ADC's
9:50 – 10:30 am	Targeted Protein and Peptide Quantitation using Skyline Software
10:30 – 10:45 am	Break
10:45 – 11:30 am	H/D Exchange Mass Spectrometry: Applications in Therapeutic Antibody Aggregation and Disordered Proteins
11:30 am – 12:30 pm	Lunch
12:30 – 1:10 pm	Add a New Dimension to your Research Capability with Agilent's New Drift Ion Mobility QTOF System
1:10 – 1:40 pm	Removing Inefficiencies and Variability from Protein Sample Prep for Biotherapeutic Analysis
1:40 – 1:55 pm	Break
1:55 – 2:20 pm	Strategies for Glycan and Glycopeptide Analysis
2:20 – 3:00 pm	Analysis of Extractables and Leachables using High Resolution Accurate Mass Spectrometry
3:00 – 3:15 pm	Wrap – Up
