

The banner features a large Agilent GC/MS instrument on the left. The background is blue with various technical terms in white and yellow text, including 'REPORTING', 'MS/MS', 'GC/MS', 'MP-AES', 'ICP-OES', 'SCOPY', 'APPLICATIONS', 'SPECTROSCOPY', 'DETECTION', 'REPORTING', 'METHODS', 'VMS', 'ARE', 'ARATION', and 'GC'.

# INNOVATIONS THAT IMPROVE LAB PRODUCTIVITY

## Agilent GC & GC/MS Users Meeting

You are invited to join us for a full-day seminar that is designed to expand your understanding of the latest products and technologies available to make any laboratory more productive.

This seminar will feature a variety of topics - everything from hardware to software and the talks will be given by Agilent application and product specialist, people who are familiar with the newest instruments and current trends in technologies.

If you are a current user of Agilent's GC or GC/MS systems, no matter if you have a vintage HP 5890 GC, 5971 GC/MS System or the latest 7890B with 7200 Series Q-TOF for MS, this is the seminar you will want to attend.

### Session Agenda:

- 8:15 Registration Opens
- 8:45 Introduction and welcome
- 9:00 New Columns and Supplies that Solve Problems
- 9:30 Why Upgrade 5890 or 6890 to a NEW 7890B GC
- 10:00 GC & GC/MS Technologies to Improve Your Productivity
  - Capillary Flow Technology (CFT); MultiMode Inlet (MMI); and more
- 10:30 Break
- 10:45 Overview of Agilent Sample Introduction Portfolio
  - emphasis on Headspace Sampling
- 11:15 Agilent GC & GC/MS Analyzers
  - how to get on the *FAST TRACK* and running samples faster
- 11:45 He to H2 discussion and considerations
- 12:15 Lunch
- 1:15 Workflow Features in OpenLAB CDS
- 2:15 OpenLAB Intelligent Reporter
- 2:45 Why Move to MassHunter?
- 3:30 Ask the Experts
  - bring your questions and chromatography issues for discussion
- 4:00 Adjourn

### Locations

Tuesday, May 6, 2014  
Doubletree by Hilton Hotel Columbia
