COMING TO A CITY NEAR YOU!

Welcome to the Agilent Science and Technology Symposium (ASTS) 2015 - your personal access to Agilent's innovative products, cutting-edge applications, technical experts, and valuable resources.

Our face-to-face road show across North America gives you the opportunity to network with your colleagues, stay up-to-date with the latest science and technology from Agilent and visit the exhibit area - all in one-day at one-location.

Date and location

Thursday, June 25, 2015  
Doubletree by Hilton Modesto  
1150 9th Street  
Modesto, CA 95354

Session Agenda:

- 8:45 **Registration Opens**
- 9:00 Introduction and welcome
- 9:15 **Sample Prep Options for Food**  
*Tina Chambers, Technical Specialist – Sample Preparation*
- 10:15 **Break**
- 10:30 **Determination of PCBs, Pesticides & Contaminants in Edible Oils on Triple Quadrupole (QQQ) GC/MS**  
*Stephan Baumann, Senior Applications Scientist*
- 11:15 **Tools for Developing Quantitation Methods on the Agilent LC/MS Triple Quadrupole Systems**  
*Jerry Zweigenbaum, Senior Applications Scientist*
- 12:00 **Lunch break**
- 1:00 **The Latest Technology in GC & LC Columns for Food Analysis**  
*Mark Sinnott, Chemistries Specialist*
- 1:30 **Screening and Identification of Targeted and Non-targeted Compounds Using Agilent's Personal Compound Databases and Libraries (PCDL) with both LC/TOF and LC/Q-TOF MS**  
*Jerry Zweigenbaum, Senior Applications Scientist*
- 2:15 **GC/Q-TOF Screening for Pesticides and PAHs in Olive Oil**  
*Stephan Baumann, Senior Applications Scientist*
- 3:00 **Q&A | Wrap-up**
- 3:15 **Adjourn**
