

**20% OFF** Agilent Advantage Service

# Don't get taken by surprise

## Sign up to protect your budget from surprise repair costs

### With an Agilent Advantage Service, you're always covered.

Agilent offers a plan that fits your laboratory goals and budget, from basic repair to full priority service with maintenance, compliance and remote diagnostics. And with all Advantage plans you get an unlimited number of service visits, preferred response times and the peace of mind that comes with the Agilent Service Guarantee: If we can't fix an instrument covered by our contract, we'll replace it for free.

Some surprises can cost your lab a lot of money.

Not all surprises are good – like when you receive a bill for instrument repairs. But you don't have to pay that price. You can avoid the costs of on-demand repairs with Agilent Advantage service coverage.

Right now you can save 20% on Advantage service plans that protect against unpleasant surprises.

If you haven't had a contract on your Agilent LC/MS or GC/MS systems before, you can save when you sign up for coverage. For a limited time, you can take 20% off Agilent Advantage Service coverage for your mass spec systems.

Mass Spec System Service	Sample On-Demand Repair Cost	Service Contract
