

## ON DEMAND WEBINAR EMERGING TRENDS AND TECHNOLOGIES

## ON DEMAND WEBINAR

Recent hardware and software advances have revolutionized modern forensics labs. In this Webinar, Agilent Product Manager Ruben Garnica will review emerging forensics tools and trends—including curated LC/MS databases and libraries—that can address your daily analytical challenges.

**You will learn about:**

- Current state-of-the art technologies available for forensic laboratories
- Approaches to obtaining the best results using LC/MS instrumentation
- Agilent curation and how to identify the proper database and library software to meet your forensic needs
