

Your last repair could pay for itself

Act within 30 days of receiving this notice for special savings on service plans

The chance to save lasts only 30 days!

Remember, this offer is good only within 30 days of receiving this notice

Turn the cost of your last repair into an investment.

You recently needed a service visit, so you know only too well how much instrument repair and downtime cost your lab. But it's not too late to recoup some of those costs.

For a limited time, you're eligible for special savings on Agilent Advantage Service plans.

Simply sign up for an Advantage plan and we will discount the price of your plan by the amount of your last repair – up to a maximum of 30% of the service plan price. Here's how your last repair could pay for itself:

If your repair costs less than or equal to 30% of your service plan: Your discount is for the entire amount of your last repair. It's like getting your recent repair visit for free plus you benefit from of a full year of coverage for your system.

If your repair cost more than 30% of your service plan: You get the maximum 30% discount on your service plan – giving you a full year of coverage at the highest discount we've ever offered.

With Agilent Advantage Service, you're always covered.

Agilent offers a plan that fits your laboratory goals and budget, from basic repair to full priority service with maintenance, compliance and remote diagnostics. And with all Advantage plans you get preferred response times and the peace of mind that comes with the Agilent Service Guarantee: If we can't fix an instrument covered by our contract, we'll replace it for free.

To request a quote, call your Agilent Service Representative at **1.800.227.9770** Option 3. Be sure to reference promotion 8459.

*Promotion valid on Agilent LC/MS and GC/MS systems (excludes LC/MS TRAP and GC/MS Triple Quad). Expires July 16, 2010. Available in US only.
