

Agilent Electronic Lab Notebook

Protect your intellectual property with Agilent ELN and Surety AbsoluteProof

Agilent Electronic Lab Notebook (ELN) helps facilitate scientific collaboration and provides an environment that documents experimental procedures, captures results and protects scientific IP. With AbsoluteProof seamlessly integrated into Agilent ELN, a legally defensible, digital time stamp is applied to your most valuable asset - your electronic intellectual property.

Agilent ELN provides out of the box functionality for:

- Request Workflow
- Image Annotation
- Integration with MS Office
- User-Defined Templates
- Data Import
- Integration with Surety

Capture experimental methods and results across:

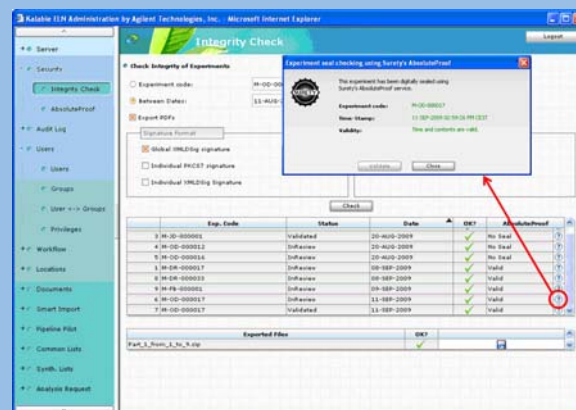

- Synthetic Chemistry
- Biology
- Analytical Chemistry
- Discovery Labs

See how other customers have successfully used Agilent ELN to improve productivity in their labs. Visit our website to learn more.
