

Pick your path

What your lab needs today might differ from what it will need next month and can depend on many factors. Agilent offers several options for accessing instrumentation—each designed to help you scale up, switch directions, or stay operational—all without compromising quality or compliance.

Mix and Match pathways to tailor the right acquisition strategy for your lab.

▼	▼	▼	▼	▼
<p>What you have:</p> <p>Proof-of-concept work and a limited budget</p>	<p>What you have:</p> <p>Legacy or underutilized equipment you want to leverage</p>	<p>What you have:</p> <p>Limited capital for large upfront costs</p>	<p>What you have:</p> <p>Short-term or seasonal projects</p>	<p>What you have:</p> <p>Complexity around purchasing processes</p>
<p>What you need:</p> <p>Reliable lab instrumentation at a good price</p>	<p>What you need:</p> <p>Choices for making the most of your current instrumentation</p>	<p>What you need:</p> <p>Predictable payment plans and financing options</p>	<p>What you need:</p> <p>Quick access to technology</p>	<p>What you need:</p> <p>A streamlined process for buying services and consumables</p>
<p>Best-fit solution:</p>  <p>Certified Pre-Owned</p>	<p>Best-fit solution:</p>  <p>Trade-in and Buyback</p>	<p>Best-fit solution:</p>  <p>Financial solutions</p>	<p>Best-fit solution:</p>  <p>Instrument Rental Program</p>	<p>Best fit solution:</p>  <p>Flexible Spend Plans</p>
<p>What you get:</p> <p>Affordable like-new performance backed by Agilent quality and a 12-month warranty</p>	<p>What you get:</p> <p>Reinvested value via cash or credit toward a new purchase</p>	<p>What you get:</p> <p>Payment options that align with your operational and financial strategy—from pay-to-own to pay-for-use models</p>	<p>What you get:</p> <p>Hardware, software, and service without long-term commitment</p>	<p>What you get:</p> <p>Use funds seamlessly when you need them for services, parts, and consumables with no need to issue POs</p>
