

STRESS-FREE CORE FACILITY MANAGEMENT

Agilent
CrossLab
From Insight to Outcome

Agilent CrossLab iLab Operations Software

Frustrated with inefficient lab research and administration? Now you can establish a shared platform that helps your institution realize the full benefits of its core operations investment.

Put easy-to-use, online research management tools at your fingertips with iLab Operations Software

iLab Operations Software—now part of the Agilent CrossLab family—is an enterprise web-based management software designed to support operations for centralized labs and shared research resources. The research management tools built into iLab Operations Software enable your organization to:

- Streamline reporting and increase transparency for equipment usage, budgeting, and forecasting
- Increase compliance and create auditable logs of quote approvals, services delivered, and invoicing
- Shorten billing cycles and increase recharge capture
- Raise awareness of available resources

In addition, iLab Operations Software offers advanced modules to support specific scientific workflows—such as sample submission, stock rooms, patient studies, equipment lock-out, and more.

The intuitive iLab software interface gives each user a consolidated view of their recent activity—as well as the ability to search across instruments, services, and cores.

Service Request Management

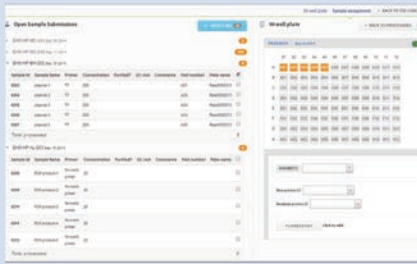

- Create custom forms to gather vital project information
- Opt to require financial approval prior to starting work
- Track milestones, services, and hours spent
- Quickly invoice completed work

Resource Scheduling

- Create and manage reservations
- Control time-of-day and activity-based pricing
- Restrict access for untrained researchers
- Track scheduled and actual usage

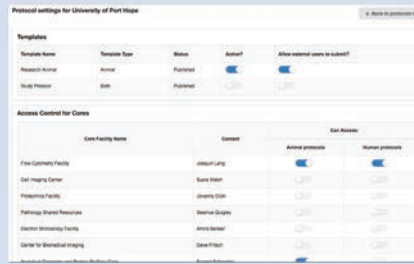

Instrument Usage Management

- Securely control equipment access
- Prevent unauthorized users from turning on equipment
- Track scheduled and actual usage

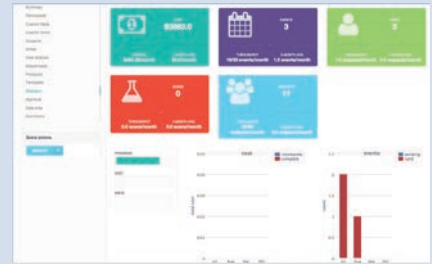

Sample Management

- Define a container type and sample format
- Pool samples from multiple customers onto containers
- Download custom formatted files for sample processing
- Automatically bill for services

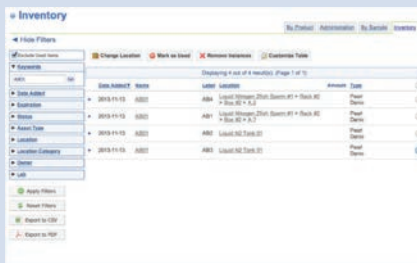

Animal Management

- Establish protocols for procurement
- Simplify census taking with cage card barcoding
- Automate billing and facilitate reporting

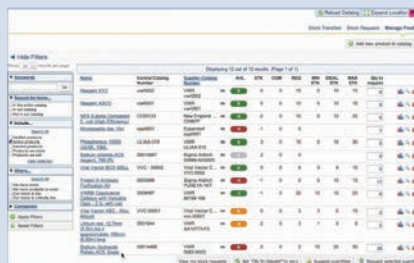

Study Management

- Associate protocols with intended long-term projects
- Capture critical information about the work to be conducted
- Track and bill per scan or timed usage

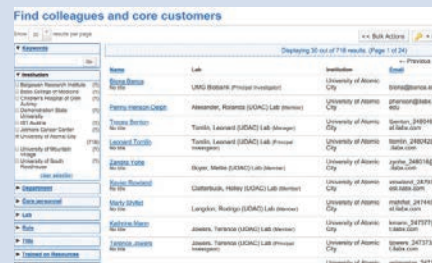

Inventory Tracking

- Track samples, products, and aliquots
- Search/filter for samples along multiple dimensions
- Barcode samples and quickly retrieve metadata

Storeroom Management

- Take physical or scanned inventories
- Sell products through order entry or point-of-sale
- Allow on-line and in-person ordering, pickup, and delivery
- Generate vendor POs and revenue/usage reports

Customer Management

- Find customers and customer information using advanced filtering
- View customer usage and manage facility access
- Communicate important facility changes

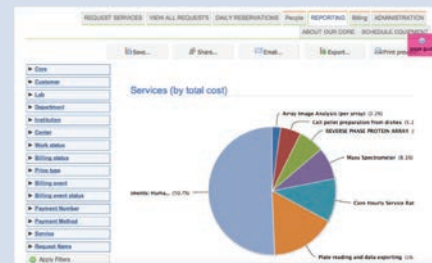

Financial Integration

- Validate funds available to core facilities
- Provide researchers with drop-down lists of valid accounts
- Allow managers to set budgets

Billing and Invoicing

- Automatically generate and send invoices
- Opt to require invoice approval
- Search for invoices based on customer, institution, grant code, and charge type
- Designate multiple payment sources for invoice charges

Business Intelligence

- Design, save, and export custom reports
- Filter data based on quantity, cost, and more
- Compare actual vs. scheduled usage
- Compile metrics into easy-to-read charts
- Export full data for additional analysis

More than 170 organizations worldwide trust their core facility management to Agilent CrossLab iLab Operations Software, including:

- Albert Einstein College of Medicine
- Arizona State University
- Augusta University
- Barbara Ann Karmanos Cancer Institute
- Baylor College of Medicine
- Becton Dickinson
- Boise State University
- Boston Children's Hospital
- Brigham and Women's Hospital
- British Columbia Cancer Research Center
- Case Western Reserve University
- Cedars-Sinai Medical Center
