# Managing Experiments and Projects Beyond Spreadsheets

Agilent  
**CrossLab**

From Insight to Outcome

**Date:** Tuesday, September 26, 2017

**Time:** 11:00 a.m. EDT, 8 a.m. PDT,  
4 p.m. BST, 5 p.m. CEST

**Highlights:**

- The value of understanding resource allocation
- How to take the hassle out of tracking project costs
- What utilization data can tell you about your lab's efficiency (or lack thereof)

**Who should attend:**

- Shared resource lab manager
- Lab operations manager
- Core facility manager
- VP of Research; Vice Provost of Research
- Research management/leadership

**Take the stress out of project oversight and resource management**

## Simplify your lab operations and project tracking

As scientific technology continues to improve, so does the ability of shared resource labs to effectively serve their scientific partners. However, operational efficiency and overall results can be impacted with an increase in customers.

In this webinar, we will explore strategies and reveal ways to identify opportunities for improved laboratory efficiency—including the use of current industry tools and best practices—which will pave the way to advanced innovation.
