Section 1. Identification

Product identifier : pDual GC Expression Vector, Part Number 214503
Part no. (chemical kit) : 214503
Part no. : pDual GC Expression Vector 214503-51
          XL1-Blue MRF'E.coli Strain 200301-81

Relevant identified uses of the substance or mixture and uses advised against

Material uses : Analytical reagent.

Material uses : pDual GC Expression Vector 0.02 ml (20 µg 1 µg/µl)
                XL1-Blue MRF'E.coli Strain 0.5 ml

Supplier/Manufacturer : Agilent Technologies Australia Pty Ltd
                      679 Springvale Road
                      Mulgrave
                      Victoria 3170, Australia
                      1800 802 402

Emergency telephone number (with hours of operation) : CHEMTREC®: +(61)-290372994

Section 2. Hazard(s) identification

Classification of the substance or mixture
Not classified.

XL1-Blue MRF'E.coli Strain Percentage of the mixture consisting of ingredient(s) of unknown inhalation toxicity: 10 - 30%

GHS label elements

Signal word : pDual GC Expression Vector No signal word.
              XL1-Blue MRF'E.coli Strain No signal word.

Hazard statements : pDual GC Expression Vector No known significant effects or critical hazards.
                    XL1-Blue MRF'E.coli Strain No known significant effects or critical hazards.

Precautionary statements

Prevention : pDual GC Expression Vector Not applicable.
             XL1-Blue MRF'E.coli Strain Not applicable.

Response : pDual GC Expression Vector Not applicable.
           XL1-Blue MRF'E.coli Strain Not applicable.

Storage : pDual GC Expression Vector Not applicable.
          XL1-Blue MRF'E.coli Strain Not applicable.

Disposal : pDual GC Expression Vector Not applicable.
           XL1-Blue MRF'E.coli Strain Not applicable.

Supplemental label elements

Additional warning phrases : pDual GC Expression Vector Not applicable.
                            XL1-Blue MRF'E.coli Strain Not applicable.

Other hazards which do not result in classification : pDual GC Expression Vector None known.
                                                  XL1-Blue MRF'E.coli Strain None known.
Section 3. Composition and ingredient information

</table>

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

Occupational exposure limits, if available, are listed in Section 8.

Section 4. First aid measures

**Description of necessary first aid measures**

**Eye contact**
- pDual GC Expression Vector
  - Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Get medical attention if irritation occurs.
- XL1-Blue MRF’ E.coli Strain
  - Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Get medical attention if irritation occurs.

**Inhalation**
- pDual GC Expression Vector
  - Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical attention if symptoms occur.
- XL1-Blue MRF’ E.coli Strain
  - Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical attention if symptoms occur.

**Skin contact**
- pDual GC Expression Vector
  - Flush contaminated skin with plenty of water. Remove contaminated clothing and shoes. Get medical attention if symptoms occur.
- XL1-Blue MRF’ E.coli Strain
  - Flush contaminated skin with plenty of water. Remove contaminated clothing and shoes. Get medical attention if symptoms occur.

**Ingestion**
- pDual GC Expression Vector
  - Wash out mouth with water. Remove victim to fresh air and keep at rest in a position comfortable for breathing. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Do not induce vomiting unless directed to do so by medical personnel. Get medical attention if symptoms occur.
- XL1-Blue MRF’ E.coli Strain
  - Wash out mouth with water. Remove victim to fresh air and keep at rest in a position comfortable for breathing. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Do not induce vomiting unless directed to do so by medical personnel. Get medical attention if symptoms occur.

**Potential acute health effects**

**Eye contact**
- pDual GC Expression Vector
  - No known significant effects or critical hazards.
- XL1-Blue MRF’ E.coli Strain
  - No known significant effects or critical hazards.

**Inhalation**
- pDual GC Expression Vector
  - No known significant effects or critical hazards.
- XL1-Blue MRF’ E.coli Strain
  - No known significant effects or critical hazards.

**Skin contact**
- pDual GC Expression Vector
  - No known significant effects or critical hazards.
- XL1-Blue MRF’ E.coli Strain
  - No known significant effects or critical hazards.
Section 4. First aid measures

Ingestion:
- pDual GC Expression Vector
- XL1-Blue MRF' E.coli Strain
No known significant effects or critical hazards.

Over-exposure signs/symptoms:
- Eye contact: pDual GC Expression Vector
- XL1-Blue MRF' E.coli Strain
No specific data.
- Inhalation: pDual GC Expression Vector
- XL1-Blue MRF' E.coli Strain
No specific data.
- Skin contact: pDual GC Expression Vector
- XL1-Blue MRF' E.coli Strain
No specific data.
- Ingestion: pDual GC Expression Vector
- XL1-Blue MRF' E.coli Strain
No specific data.

Indication of immediate medical attention and special treatment needed, if necessary:
- Notes to physician:
  - pDual GC Expression Vector
  - XL1-Blue MRF' E.coli Strain
  Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled.
- Specific treatments:
  - pDual GC Expression Vector
  - XL1-Blue MRF' E.coli Strain
  No specific treatment.
- Protection of first-aiders:
  - pDual GC Expression Vector
  - XL1-Blue MRF' E.coli Strain
  No action shall be taken involving any personal risk or without suitable training.

See toxicological information (Section 11)

Section 5. Firefighting measures

Extinguishing media:
- Suitable extinguishing media:
  - pDual GC Expression Vector
  - XL1-Blue MRF' E.coli Strain
  Use an extinguishing agent suitable for the surrounding fire.
- Unsuitable extinguishing media:
  - pDual GC Expression Vector
  - XL1-Blue MRF' E.coli Strain
  None known.

Specific hazards arising from the chemical:
- pDual GC Expression Vector
- XL1-Blue MRF' E.coli Strain
In a fire or if heated, a pressure increase will occur and the container may burst.

Hazardous thermal decomposition products:
- pDual GC Expression Vector
- XL1-Blue MRF' E.coli Strain
No specific data. Decomposition products may include the following materials:
  - carbon dioxide
  - carbon monoxide
  - halogenated compounds
  - metal oxide/oxides

Special protective actions for fire-fighters:
- pDual GC Expression Vector
- XL1-Blue MRF' E.coli Strain
Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.

Date of issue/Date of revision: 25/09/2018
Date of previous issue: 24/03/2017
Version: 5
Section 5. Firefighting measures

Special protective equipment for fire-fighters:
- **pDual GC Expression Vector**: Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.
- **XL1-Blue MRF’ E.coli Strain**: Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

Section 6. Accidental release measures

**Personal precautions, protective equipment and emergency procedures**

**For non-emergency personnel**:
- **pDual GC Expression Vector**: No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilt material. Put on appropriate personal protective equipment.
- **XL1-Blue MRF’ E.coli Strain**: No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilt material. Put on appropriate personal protective equipment.

**For emergency responders**:
- **pDual GC Expression Vector**: If specialised clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials. See also the information in "For non-emergency personnel".
- **XL1-Blue MRF’ E.coli Strain**: If specialised clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials. See also the information in "For non-emergency personnel".

**Environmental precautions**:
- **pDual GC Expression Vector**: Avoid dispersal of spilt material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).
- **XL1-Blue MRF’ E.coli Strain**: Avoid dispersal of spilt material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).

**Methods and material for containment and cleaning up**

**Methods for cleaning up**:
- **pDual GC Expression Vector**: Stop leak if without risk. Move containers from spill area. Dilute with water and mop up if water-soluble. Alternatively, or if water-insoluble, absorb with an inert dry material and place in an appropriate waste disposal container. Dispose of via a licensed waste disposal contractor.
- **XL1-Blue MRF’ E.coli Strain**: Stop leak if without risk. Move containers from spill area. Dilute with water and mop up if water-soluble. Alternatively, or if water-insoluble, absorb with an inert dry material and place in an appropriate waste disposal container. Dispose of via a licensed waste disposal contractor.
Section 7. Handling and storage

Precautions for safe handling

**Protective measures**
- pDual GC Expression Vector
  - Put on appropriate personal protective equipment (see Section 8).
- XL1-Blue MRF’ E.coli Strain
  - Put on appropriate personal protective equipment (see Section 8).

**Advice on general occupational hygiene**
- pDual GC Expression Vector
  - Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. Remove contaminated clothing and protective equipment before entering eating areas. See also Section 8 for additional information on hygiene measures.
- XL1-Blue MRF’ E.coli Strain
  - Potentially biohazardous material. Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. Remove contaminated clothing and protective equipment before entering eating areas. See also Section 8 for additional information on hygiene measures.

**Conditions for safe storage, including any incompatibilities**
- pDual GC Expression Vector
  - Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10) and food and drink. Keep container tightly closed and sealed until ready for use. Do not store in unlabelled containers. Use appropriate containment to avoid environmental contamination. See Section 10 for incompatible materials before handling or use.
- XL1-Blue MRF’ E.coli Strain
  - Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10) and food and drink. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabelled containers. Use appropriate containment to avoid environmental contamination. See Section 10 for incompatible materials before handling or use.

Section 8. Exposure controls and personal protection

**Control parameters**

**Occupational exposure limits**

<table>
<thead>
<tr>
<th>Ingredient name</th>
<th>Exposure limits</th>
</tr>
</thead>
<tbody>
<tr>
<td>XL1-Blue MRF’ E.coli Strain</td>
<td></td>
</tr>
<tr>
<td>Glycerol</td>
<td>Safe Work Australia (Australia, 1/2014). TWA: 10 mg/m³ 8 hours.</td>
</tr>
</tbody>
</table>

**Appropriate engineering controls**
- Good general ventilation should be sufficient to control worker exposure to airborne contaminants.

**Environmental exposure controls**
- Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation. In some cases, fume scrubbers, filters or engineering modifications to the process equipment will be necessary to reduce emissions to acceptable levels.
Section 8. Exposure controls and personal protection

Individual protection measures

Hygiene measures: Handle as biohazard material (Biosafety level 1). Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working period. Appropriate techniques should be used to remove potentially contaminated clothing. Wash contaminated clothing before reusing. Ensure that eyewash stations and safety showers are close to the workstation location.

Eye/face protection: Safety eyewear complying with an approved standard should be used when a risk assessment indicates this is necessary to avoid exposure to liquid splashes, mists, gases or dusts. If contact is possible, the following protection should be worn, unless the assessment indicates a higher degree of protection: safety glasses with side-shields.

Skin protection

Hand protection: Chemical-resistant, impervious gloves complying with an approved standard should be worn at all times when handling chemical products if a risk assessment indicates this is necessary.

Body protection: Personal protective equipment for the body should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.

Other skin protection: Appropriate footwear and any additional skin protection measures should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.

Respiratory protection: Based on the hazard and potential for exposure, select a respirator that meets the appropriate standard or certification. Respirators must be used according to a respiratory protection program to ensure proper fitting, training, and other important aspects of use.

Section 9. Physical and chemical properties

Appearance

Physical state: pDual GC Expression Vector Liquid, XL1-Blue MRF' E.coli Strain Liquid.

Colour: pDual GC Expression Vector Not available, XL1-Blue MRF' E.coli Strain Not available.

Odour: pDual GC Expression Vector Not available, XL1-Blue MRF' E.coli Strain Not available.

Odour threshold: pDual GC Expression Vector Not available, XL1-Blue MRF' E.coli Strain Not available.

pH: pDual GC Expression Vector 7.5, XL1-Blue MRF' E.coli Strain 7.

Melting point: pDual GC Expression Vector 0°C (32°F), XL1-Blue MRF' E.coli Strain Not available.

Boiling point: pDual GC Expression Vector 100°C (212°F), XL1-Blue MRF' E.coli Strain Not available.

Flash point: pDual GC Expression Vector Not available, XL1-Blue MRF' E.coli Strain Not available.

Evaporation rate: pDual GC Expression Vector Not available, XL1-Blue MRF' E.coli Strain Not available.

Flammability (solid, gas): pDual GC Expression Vector Not applicable, XL1-Blue MRF' E.coli Strain Not applicable.

Lower and upper explosive (flammable) limits: pDual GC Expression Vector Not available, XL1-Blue MRF' E.coli Strain Not available.

Vapour pressure: pDual GC Expression Vector Not available, XL1-Blue MRF' E.coli Strain Not available.

Vapour density: pDual GC Expression Vector Not available, XL1-Blue MRF' E.coli Strain Not available.
Section 9. Physical and chemical properties

Relative density : pDual GC Expression Vector Not available.
                 : XL1-Blue MRF’ E.coli Strain Not available.
Solubility : pDual GC Expression Vector Easily soluble in the following materials: cold water and hot water.
             : XL1-Blue MRF’ E.coli Strain Soluble in the following materials: cold water and hot water.
Partition coefficient: n-octanol/water : pDual GC Expression Vector Not available.
                                      : XL1-Blue MRF’ E.coli Strain Not available.
Auto-ignition temperature : pDual GC Expression Vector Not available.
                           : XL1-Blue MRF’ E.coli Strain Not available.
Decomposition temperature : pDual GC Expression Vector Not available.
                          : XL1-Blue MRF’ E.coli Strain Not available.
Viscosity : pDual GC Expression Vector Not available.
            : XL1-Blue MRF’ E.coli Strain Not available.

Section 10. Stability and reactivity

Reactivity : pDual GC Expression Vector No specific test data related to reactivity available for this product or its ingredients.
            : XL1-Blue MRF’ E.coli Strain No specific test data related to reactivity available for this product or its ingredients.
Chemical stability : pDual GC Expression Vector The product is stable.
                     : XL1-Blue MRF’ E.coli Strain The product is stable.
Possibility of hazardous reactions : pDual GC Expression Vector Under normal conditions of storage and use, hazardous reactions will not occur.
                                    : XL1-Blue MRF’ E.coli Strain Under normal conditions of storage and use, hazardous reactions will not occur.
Conditions to avoid : pDual GC Expression Vector No specific data.
                        : XL1-Blue MRF’ E.coli Strain No specific data.
Incompatible materials : pDual GC Expression Vector May react or be incompatible with oxidising materials.
                        : XL1-Blue MRF’ E.coli Strain May react or be incompatible with oxidising materials.
Hazardous decomposition products : pDual GC Expression Vector Under normal conditions of storage and use, hazardous decomposition products should not be produced.
                                     : XL1-Blue MRF’ E.coli Strain Under normal conditions of storage and use, hazardous decomposition products should not be produced.

Section 12. Ecological information

**Other adverse effects**: No known significant effects or critical hazards.

Section 13. Disposal considerations

**Disposal methods**: The generation of waste should be avoided or minimised wherever possible. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Waste should not be disposed of untreated to the sewer unless fully compliant with the requirements of all authorities with jurisdiction. Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible. This material and its container must be disposed of in a safe way. Empty containers or liners may retain some product residues. Avoid dispersal of spilt material and runoff and contact with soil, waterways, drains and sewers.

Section 14. Transport information

**ADG / IMDG / IATA**: Not regulated as Dangerous Goods according to the ADG Code.

**Special precautions for user**: Transport within user's premises: always transport in closed containers that are upright and secure. Ensure that persons transporting the product know what to do in the event of an accident or spillage.

**Transport in bulk according to Annex II of Marpol and the IBC Code**: Not available.

Section 15. Regulatory information

**Standard Uniform Schedule of Medicine and Poisons**: Not regulated.

**Model Work Health and Safety Regulations - Scheduled Substances**: No listed substance

**International regulations**

- **Chemical Weapon Convention List Schedules I, II & III Chemicals**: Not listed.
- **Stockholm Convention on Persistent Organic Pollutants**: Not listed.
- **UNECE Aarhus Protocol on POPs and Heavy Metals**: Not listed.

**Inventory list**

- **Australia**: All components are listed or exempted.
- **Canada**: All components are listed or exempted.
- **China**: All components are listed or exempted.
- **Europe**: All components are listed or exempted.
- **Japan**: Japan inventory (ENCS): All components are listed or exempted. Japan inventory (ISHL): All components are listed or exempted.
- **Malaysia**: Not determined.
- **New Zealand**: All components are listed or exempted.

### History

- **Date of issue/Date of revision**: 25/09/2018
- **Date of previous issue**: 24/03/2017
- **Version**: 5

### Key to abbreviations

- ADG = Australian Dangerous Goods
- ATE = Acute Toxicity Estimate
- BCF = Bioconcentration Factor
- GHS = Globally Harmonized System of Classification and Labelling of Chemicals
- IATA = International Air Transport Association
- IBC = Intermediate Bulk Container
- IMDG = International Maritime Dangerous Goods
- LogPow = logarithm of the octanol/water partition coefficient
- NOHSC = National Occupational Health and Safety Commission
- SUSMP = Standard Uniform Schedule of Medicine and Poisons
- UN = United Nations

### Procedure used to derive the classification
