SAFETY DATA SHEET
MVP Total RNA - Human Adult Colon - Disease Match Set, Part Number 540077

Section 1. Identification

Product identifier : MVP Total RNA - Human Adult Colon - Disease Match Set, Part Number 540077
Part No. (Chemical Kit) : 540077
Part No. : MVP Total RNA, Human Adult Colon 540009-41
MVP Total RNA Colon Adenocarcinoma Human Adult 540079-41

Relevant identified uses of the substance or mixture and uses advised against

Analytical reagent.
MVP Total RNA, Human Adult Colon 25 µg
MVP Total RNA Colon Adenocarcinoma Human Adult 25 µg

Supplier/Manufacturer : Agilent Technologies Australia Pty Ltd
679 Springvale Road
Mulgrave
Victoria 3170, Australia
1800 802 402

Emergency telephone number (with hours of operation) : CHEMTREC®: +(61)-290372994

Section 2. Hazard(s) identification

Classification of the substance or mixture
Not classified.

GHS label elements

Signal word : MVP Total RNA, Human Adult Colon
MVP Total RNA Colon Adenocarcinoma Human Adult
No signal word.

Hazard statements : MVP Total RNA, Human Adult Colon
MVP Total RNA Colon Adenocarcinoma Human Adult
No known significant effects or critical hazards.

Precautionary statements

Prevention : MVP Total RNA, Human Adult Colon
MVP Total RNA Colon Adenocarcinoma Human Adult
Not applicable.

Response : MVP Total RNA, Human Adult Colon
MVP Total RNA Colon Adenocarcinoma Human Adult
Not applicable.
Section 2. Hazard(s) identification

Storage: Not applicable.

Disposal: Not applicable.

Supplemental label elements:

Additional warning phrases: Not applicable.

Other hazards which do not result in classification:

Section 3. Composition and ingredient information

Substance/mixture:

MVP Total RNA, Human Adult Colon
MVP Total RNA Colon Adenocarcinoma Human Adult

Mixture

CAS number/other identifiers:

There are no ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

Occupational exposure limits, if available, are listed in Section 8.

Section 4. First aid measures

Description of necessary first aid measures:

Eye contact:
MVP Total RNA, Human Adult Colon
MVP Total RNA Colon Adenocarcinoma Human Adult

Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Get medical attention if irritation occurs.

Inhalation:
MVP Total RNA, Human Adult Colon
MVP Total RNA Colon Adenocarcinoma Human Adult

Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical attention if symptoms occur.
Section 4. First aid measures

Skin contact:  
MVP Total RNA, Human Adult Colon  
Flush contaminated skin with plenty of water.  
Remove contaminated clothing and shoes.  
Get medical attention if symptoms occur.  
MVP Total RNA Colon Adenocarcinoma Human Adult  
Flush contaminated skin with plenty of water.  
Remove contaminated clothing and shoes.  
Get medical attention if symptoms occur.

Ingestion:  
MVP Total RNA, Human Adult Colon  
Wash out mouth with water.  Remove victim to fresh air and keep at rest in a position comfortable for breathing.  
If material has been swallowed and the exposed person is conscious, give small quantities of water to drink.  
Do not induce vomiting unless directed to do so by medical personnel.  
Get medical attention if symptoms occur.  
MVP Total RNA Colon Adenocarcinoma Human Adult  
Wash out mouth with water.  Remove victim to fresh air and keep at rest in a position comfortable for breathing.  
If material has been swallowed and the exposed person is conscious, give small quantities of water to drink.  
Do not induce vomiting unless directed to do so by medical personnel.  
Get medical attention if symptoms occur.

Most important symptoms/effects, acute and delayed

Potential acute health effects

Eye contact:  
MVP Total RNA, Human Adult Colon  
No known significant effects or critical hazards.  
MVP Total RNA Colon Adenocarcinoma Human Adult  
No known significant effects or critical hazards.

Inhalation:  
MVP Total RNA, Human Adult Colon  
No known significant effects or critical hazards.  
MVP Total RNA Colon Adenocarcinoma Human Adult  
No known significant effects or critical hazards.

Skin contact:  
MVP Total RNA, Human Adult Colon  
No known significant effects or critical hazards.  
MVP Total RNA Colon Adenocarcinoma Human Adult  
No known significant effects or critical hazards.

Ingestion:  
MVP Total RNA, Human Adult Colon  
No known significant effects or critical hazards.  
MVP Total RNA Colon Adenocarcinoma Human Adult  
No known significant effects or critical hazards.

Over-exposure signs/symptoms

Eye contact:  
MVP Total RNA, Human Adult Colon  
No specific data.  
MVP Total RNA Colon Adenocarcinoma Human Adult  
No specific data.

Inhalation:  
MVP Total RNA, Human Adult Colon  
No specific data.  
MVP Total RNA Colon Adenocarcinoma Human Adult  
No specific data.

Skin contact:  
MVP Total RNA, Human Adult Colon  
No specific data.  
MVP Total RNA Colon Adenocarcinoma Human Adult  
No specific data.
Section 4. First aid measures

Ingestion:
- MVP Total RNA, Human Adult Colon
- MVP Total RNA Colon Adenocarcinoma Human Adult

Protection of first-aiders:
No action shall be taken involving any personal risk or without suitable training.

Notes to physician:
- MVP Total RNA, Human Adult Colon
- MVP Total RNA Colon Adenocarcinoma Human Adult

Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled.

Specific treatments:
No specific treatment.

Protection of first-aiders:
- MVP Total RNA, Human Adult Colon
- MVP Total RNA Colon Adenocarcinoma Human Adult

No action shall be taken involving any personal risk or without suitable training.

See toxicological information (Section 11)

Section 5. Firefighting measures

Extinguishing media:

Suitable extinguishing media:
- MVP Total RNA, Human Adult Colon
- MVP Total RNA Colon Adenocarcinoma Human Adult

Use an extinguishing agent suitable for the surrounding fire.

Unsuitable extinguishing media:
- MVP Total RNA, Human Adult Colon
- MVP Total RNA Colon Adenocarcinoma Human Adult

None known.

Specific hazards arising from the chemical:
- MVP Total RNA, Human Adult Colon
- MVP Total RNA Colon Adenocarcinoma Human Adult

In a fire or if heated, a pressure increase will occur and the container may burst.

Hazardous thermal decomposition products:
- MVP Total RNA, Human Adult Colon
- MVP Total RNA Colon Adenocarcinoma Human Adult

No specific data.

Special protective actions for fire-fighters:
- MVP Total RNA, Human Adult Colon
- MVP Total RNA Colon Adenocarcinoma Human Adult

Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.
Section 5. Firefighting measures

Special protective equipment for fire-fighters

MVP Total RNA - Human Adult Colon
Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

MVP Total RNA Colon Adenocarcinoma Human Adult
Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

Section 6. Accidental release measures

Personal precautions, protective equipment and emergency procedures

For non-emergency personnel

MVP Total RNA - Human Adult Colon
No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spill material. Put on appropriate personal protective equipment.

MVP Total RNA Colon Adenocarcinoma Human Adult
No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spill material. Put on appropriate personal protective equipment.

For emergency responders

MVP Total RNA - Human Adult Colon
If specialised clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials. See also the information in "For non-emergency personnel".

MVP Total RNA Colon Adenocarcinoma Human Adult
If specialised clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials. See also the information in "For non-emergency personnel".

Environmental precautions

MVP Total RNA - Human Adult Colon
Avoid dispersal of spill material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).

MVP Total RNA Colon Adenocarcinoma Human Adult
Avoid dispersal of spill material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).

Methods and material for containment and cleaning up

Methods for cleaning up

MVP Total RNA - Human Adult Colon
Stop leak if without risk. Move containers from spill area. Dilute with water and mop up if water-soluble. Alternatively, or if water-insoluble, absorb with an inert dry material and place in an appropriate waste disposal container. Dispose of via a licensed waste disposal contractor.

MVP Total RNA Colon Adenocarcinoma Human Adult
Stop leak if without risk. Move containers from spill area. Dilute with water and mop up if water-soluble. Alternatively, or if water-insoluble, absorb with an inert dry material and place in an appropriate waste disposal container. Dispose of via a licensed waste disposal contractor.
## Section 7. Handling and storage

### Precautions for safe handling

<table>
<thead>
<tr>
<th><strong>Protective measures</strong></th>
<th><strong>Advice on general occupational hygiene</strong></th>
<th><strong>Conditions for safe storage, including any incompatibilities</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td>MVP Total RNA, Human Adult Colon</td>
<td>Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. Remove contaminated clothing and protective equipment before entering eating areas. See also Section 8 for additional information on hygiene measures.</td>
<td>Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10) and food and drink. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabelled containers. Use appropriate containment to avoid environmental contamination. See Section 10 for incompatible materials before handling or use.</td>
</tr>

## Section 8. Exposure controls and personal protection

### Control parameters

#### Occupational exposure limits

None.

### Appropriate engineering controls

Good general ventilation should be sufficient to control worker exposure to airborne contaminants.

### Environmental exposure controls

Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation. In some cases, fume scrubbers, filters or engineering modifications to the process equipment will be necessary to reduce emissions to acceptable levels.

### Individual protection measures
Section 8. Exposure controls and personal protection

**Hygiene measures**: Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working period. Appropriate techniques should be used to remove potentially contaminated clothing. Wash contaminated clothing before reusing. Ensure that eyewash stations and safety showers are close to the workstation location.

**Eye/face protection**: Safety eyewear complying with an approved standard should be used when a risk assessment indicates this is necessary to avoid exposure to liquid splashes, mists, gases or dusts. If contact is possible, the following protection should be worn, unless the assessment indicates a higher degree of protection: safety glasses with side-shields.

**Skin protection**

**Hand protection**: Chemical-resistant, impervious gloves complying with an approved standard should be worn at all times when handling chemical products if a risk assessment indicates this is necessary.

**Body protection**: Personal protective equipment for the body should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.

**Other skin protection**: Appropriate footwear and any additional skin protection measures should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.

**Respiratory protection**: Based on the hazard and potential for exposure, select a respirator that meets the appropriate standard or certification. Respirators must be used according to a respiratory protection program to ensure proper fitting, training, and other important aspects of use.

Section 9. Physical and chemical properties

**Appearance**

**Physical state**: 
- MVP Total RNA, Human Adult Colon: Liquid.
- MVP Total RNA Colon Adenocarcinoma Human Adult: Liquid.

**Colour**: 
- MVP Total RNA, Human Adult Colon: Not available.
- MVP Total RNA Colon Adenocarcinoma Human Adult: Not available.

**Odour**: 
- MVP Total RNA, Human Adult Colon: Not available.
- MVP Total RNA Colon Adenocarcinoma Human Adult: Not available.

**Odour threshold**: 
- MVP Total RNA, Human Adult Colon: Not available.
- MVP Total RNA Colon Adenocarcinoma Human Adult: Not available.

**pH**: 
- MVP Total RNA, Human Adult Colon: 8
- MVP Total RNA Colon Adenocarcinoma Human Adult: 8

**Melting point**: 
- MVP Total RNA, Human Adult Colon: 0°C (32°F)
- MVP Total RNA Colon Adenocarcinoma Human Adult: 0°C (32°F)

Date of issue/Date of revision: 29/12/2017  
Date of previous issue: 28/09/2015  
Version: 4
Section 11. Toxicological information

Skin contact : MVP Total RNA, Human Adult Colon
MVP Total RNA Colon Adenocarcinoma Human Adult

Ingestion : MVP Total RNA, Human Adult Colon
MVP Total RNA Colon Adenocarcinoma Human Adult

Delayed and immediate effects as well as chronic effects from short and long-term exposure

Short term exposure

Potential immediate effects : Not available.
Potential delayed effects : Not available.

Long term exposure

Potential immediate effects : Not available.
Potential delayed effects : Not available.

Potential chronic health effects
Not available.

General : MVP Total RNA, Human Adult Colon
MVP Total RNA Colon Adenocarcinoma Human Adult

Carcinogenicity : MVP Total RNA, Human Adult Colon
MVP Total RNA Colon Adenocarcinoma Human Adult

Mutagenicity : MVP Total RNA, Human Adult Colon
MVP Total RNA Colon Adenocarcinoma Human Adult

Teratogenicity : MVP Total RNA, Human Adult Colon
MVP Total RNA Colon Adenocarcinoma Human Adult

Developmental effects : MVP Total RNA, Human Adult Colon
MVP Total RNA Colon Adenocarcinoma Human Adult

Fertility effects : MVP Total RNA, Human Adult Colon
MVP Total RNA Colon Adenocarcinoma Human Adult

Numerical measures of toxicity

Acute toxicity estimates
Not available.
Section 11. Toxicological information

Section 12. Ecological information

**Toxicity**
Not available.

**Persistence and degradability**
Not available.

**Bioaccumulative potential**
Not available.

**Mobility in soil**

| Soil/water partition coefficient (Koc) | : Not available. |

**Other adverse effects**
No known significant effects or critical hazards.

Section 13. Disposal considerations

**Disposal methods**
The generation of waste should be avoided or minimised wherever possible. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Waste should not be disposed of untreated to the sewer unless fully compliant with the requirements of all authorities with jurisdiction. Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible. This material and its container must be disposed of in a safe way. Empty containers or liners may retain some product residues. Avoid dispersal of spilt material and runoff and contact with soil, waterways, drains and sewers.

Section 14. Transport information

**ADG / IMDG / IATA**
Not regulated as Dangerous Goods according to the ADG Code.

**Special precautions for user**
Transport within user’s premises: always transport in closed containers that are upright and secure. Ensure that persons transporting the product know what to do in the event of an accident or spillage.

**Transport in bulk according to Annex II of Marpol and the IBC Code**
Not available.

Section 15. Regulatory information

**Standard Uniform Schedule of Medicine and Poisons**
Not regulated.

**Model Work Health and Safety Regulations - Scheduled Substances**
No listed substance

**International regulations**

- **Chemical Weapon Convention List Schedules I, II & III Chemicals**
  Not listed.

- **Montreal Protocol (Annexes A, B, C, E)**

**Date of issue/Date of revision** : 29/12/2017
**Date of previous issue** : 28/09/2015
**Version** : 4
Section 15. Regulatory information

Not listed.

Stockholm Convention on Persistent Organic Pollutants
Not listed.

Rotterdam Convention on Prior Informed Consent (PIC)
Not listed.

UNECE Aarhus Protocol on POPs and Heavy Metals
Not listed.
