

SAFETY DATA SHEET

MVP Total RNA - Human Adult Colon - Disease Match Set, Part Number 540077

Section 1. Identification

Product identifier : MVP Total RNA - Human Adult Colon - Disease Match Set, Part Number 540077
Part no. (chemical kit) : 540077
Part no. : MVP Total RNA, Human Adult Colon 540009-41
 MVP Total RNA Colon Adenocarcinoma 540079-41
 Human Adult

Relevant identified uses of the substance or mixture and uses advised against

Identified uses : Analytical reagent.
 MVP Total RNA, Human Adult Colon 25 µg
 MVP Total RNA Colon Adenocarcinoma 25 µg
 Human Adult

Supplier/Manufacturer : Agilent Technologies Australia Pty Ltd
 679 Springvale Road
 Mulgrave
 Victoria 3170, Australia
 1800 802 402

Emergency telephone number (with hours of operation) : CHEMTREC®: +(61)-290372994

Section 2. Hazard(s) identification

Classification of the substance or mixture

Not classified.

GHS label elements

Signal word : MVP Total RNA, Human Adult Colon No signal word.
 MVP Total RNA Colon Adenocarcinoma Human Adult No signal word.

Hazard statements : MVP Total RNA, Human Adult Colon No known significant effects or critical hazards.
 MVP Total RNA Colon Adenocarcinoma Human Adult No known significant effects or critical hazards.

Precautionary statements

Prevention : MVP Total RNA, Human Adult Colon Not applicable.
 MVP Total RNA Colon Adenocarcinoma Human Adult Not applicable.

Response : MVP Total RNA, Human Adult Colon Not applicable.
 MVP Total RNA Colon Adenocarcinoma Human Adult Not applicable.

Section 2. Hazard(s) identification

Storage	: MVP Total RNA, Human Adult Colon MVP Total RNA Colon Adenocarcinoma Human Adult	Not applicable. Not applicable.
Disposal	: MVP Total RNA, Human Adult Colon MVP Total RNA Colon Adenocarcinoma Human Adult	Not applicable. Not applicable.
Supplemental label elements		
Additional warning phrases	: MVP Total RNA, Human Adult Colon MVP Total RNA Colon Adenocarcinoma Human Adult	Not applicable. Not applicable.
Other hazards which do not result in classification	: MVP Total RNA, Human Adult Colon MVP Total RNA Colon Adenocarcinoma Human Adult	None known. None known.

Section 3. Composition and ingredient information

Substance/mixture	: MVP Total RNA, Human Adult Colon MVP Total RNA Colon Adenocarcinoma Human Adult	Mixture Mixture
--------------------------	--	--------------------

CAS number/other identifiers

There are no ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified and hence require reporting in this section.

The total concentration of ingredients in this product, reported or not in this section, is 100%.

Section 4. First aid measures

Description of necessary first aid measures

Eye contact	: MVP Total RNA, Human Adult Colon MVP Total RNA Colon Adenocarcinoma Human Adult	Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Get medical attention if irritation occurs. Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Get medical attention if irritation occurs.
Inhalation	: MVP Total RNA, Human Adult Colon MVP Total RNA Colon Adenocarcinoma Human Adult	Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical attention if symptoms occur. Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical attention if symptoms occur.
Skin contact	: MVP Total RNA, Human Adult Colon MVP Total RNA Colon Adenocarcinoma Human Adult	Flush contaminated skin with plenty of water. Remove contaminated clothing and shoes. Get medical attention if symptoms occur. Flush contaminated skin with plenty of water. Remove contaminated clothing and shoes. Get medical attention if symptoms occur.

Section 4. First aid measures

Ingestion	: MVP Total RNA, Human Adult Colon	Wash out mouth with water. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Do not induce vomiting unless directed to do so by medical personnel. Get medical attention if symptoms occur.
	MVP Total RNA Colon Adenocarcinoma Human Adult	Wash out mouth with water. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Do not induce vomiting unless directed to do so by medical personnel. Get medical attention if symptoms occur.

Most important symptoms/effects, acute and delayed

Potential acute health effects

Eye contact	: MVP Total RNA, Human Adult Colon	No known significant effects or critical hazards.
	MVP Total RNA Colon Adenocarcinoma Human Adult	No known significant effects or critical hazards.
Inhalation	: MVP Total RNA, Human Adult Colon	No known significant effects or critical hazards.
	MVP Total RNA Colon Adenocarcinoma Human Adult	No known significant effects or critical hazards.
Skin contact	: MVP Total RNA, Human Adult Colon	No known significant effects or critical hazards.
	MVP Total RNA Colon Adenocarcinoma Human Adult	No known significant effects or critical hazards.
Ingestion	: MVP Total RNA, Human Adult Colon	No known significant effects or critical hazards.
	MVP Total RNA Colon Adenocarcinoma Human Adult	No known significant effects or critical hazards.

Over-exposure signs/symptoms

Eye contact	: MVP Total RNA, Human Adult Colon	No specific data.
	MVP Total RNA Colon Adenocarcinoma Human Adult	No specific data.
Inhalation	: MVP Total RNA, Human Adult Colon	No specific data.
	MVP Total RNA Colon Adenocarcinoma Human Adult	No specific data.
Skin contact	: MVP Total RNA, Human Adult Colon	No specific data.
	MVP Total RNA Colon Adenocarcinoma Human Adult	No specific data.
Ingestion	: MVP Total RNA, Human Adult Colon	No specific data.
	MVP Total RNA Colon Adenocarcinoma Human Adult	No specific data.

Indication of immediate medical attention and special treatment needed, if necessary

Section 4. First aid measures

Notes to physician	: MVP Total RNA, Human Adult Colon	Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled.
	MVP Total RNA Colon Adenocarcinoma Human Adult	Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled.
Specific treatments	: MVP Total RNA, Human Adult Colon	No specific treatment.
	MVP Total RNA Colon Adenocarcinoma Human Adult	No specific treatment.
Protection of first-aiders	: MVP Total RNA, Human Adult Colon	No action shall be taken involving any personal risk or without suitable training.
	MVP Total RNA Colon Adenocarcinoma Human Adult	No action shall be taken involving any personal risk or without suitable training.

See toxicological information (Section 11)

Section 5. Firefighting measures

Extinguishing media

Suitable extinguishing media	: MVP Total RNA, Human Adult Colon	Use an extinguishing agent suitable for the surrounding fire.
	MVP Total RNA Colon Adenocarcinoma Human Adult	Use an extinguishing agent suitable for the surrounding fire.
Unsuitable extinguishing media	: MVP Total RNA, Human Adult Colon	None known.
	MVP Total RNA Colon Adenocarcinoma Human Adult	None known.
Specific hazards arising from the chemical	: MVP Total RNA, Human Adult Colon	In a fire or if heated, a pressure increase will occur and the container may burst.
	MVP Total RNA Colon Adenocarcinoma Human Adult	In a fire or if heated, a pressure increase will occur and the container may burst.
Hazardous thermal decomposition products	: MVP Total RNA, Human Adult Colon	No specific data.
	MVP Total RNA Colon Adenocarcinoma Human Adult	No specific data.
Special protective actions for fire-fighters	: MVP Total RNA, Human Adult Colon	Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.
	MVP Total RNA Colon Adenocarcinoma Human Adult	Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.
Special protective equipment for fire-fighters	: MVP Total RNA, Human Adult Colon	Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.
	MVP Total RNA Colon Adenocarcinoma Human Adult	Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

Section 6. Accidental release measures

Personal precautions, protective equipment and emergency procedures

For non-emergency personnel	: MVP Total RNA, Human Adult Colon	No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilt material. Put on appropriate personal protective equipment.
	MVP Total RNA Colon Adenocarcinoma Human Adult	No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilt material. Put on appropriate personal protective equipment.
For emergency responders	: MVP Total RNA, Human Adult Colon	If specialised clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials. See also the information in "For non-emergency personnel".
	MVP Total RNA Colon Adenocarcinoma Human Adult	If specialised clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials. See also the information in "For non-emergency personnel".
Environmental precautions	: MVP Total RNA, Human Adult Colon	Avoid dispersal of spilt material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).
	MVP Total RNA Colon Adenocarcinoma Human Adult	Avoid dispersal of spilt material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).

Methods and material for containment and cleaning up

Methods for cleaning up	: MVP Total RNA, Human Adult Colon	Stop leak if without risk. Move containers from spill area. Dilute with water and mop up if water-soluble. Alternatively, or if water-insoluble, absorb with an inert dry material and place in an appropriate waste disposal container. Dispose of via a licensed waste disposal contractor.
	MVP Total RNA Colon Adenocarcinoma Human Adult	Stop leak if without risk. Move containers from spill area. Dilute with water and mop up if water-soluble. Alternatively, or if water-insoluble, absorb with an inert dry material and place in an appropriate waste disposal container. Dispose of via a licensed waste disposal contractor.

Section 7. Handling and storage

Precautions for safe handling

Protective measures	: MVP Total RNA, Human Adult Colon MVP Total RNA Colon Adenocarcinoma Human Adult	Put on appropriate personal protective equipment (see Section 8). Put on appropriate personal protective equipment (see Section 8).
----------------------------	--	--

Section 7. Handling and storage

Advice on general occupational hygiene	: MVP Total RNA, Human Adult Colon	Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. Remove contaminated clothing and protective equipment before entering eating areas. See also Section 8 for additional information on hygiene measures.
	MVP Total RNA Colon Adenocarcinoma Human Adult	Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. Remove contaminated clothing and protective equipment before entering eating areas. See also Section 8 for additional information on hygiene measures.
Conditions for safe storage, including any incompatibilities	: MVP Total RNA, Human Adult Colon	Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10) and food and drink. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabelled containers. Use appropriate containment to avoid environmental contamination. See Section 10 for incompatible materials before handling or use.
	MVP Total RNA Colon Adenocarcinoma Human Adult	Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10) and food and drink. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabelled containers. Use appropriate containment to avoid environmental contamination. See Section 10 for incompatible materials before handling or use.

Section 8. Exposure controls and personal protection

Control parameters

Occupational exposure limits

None.

Biological exposure indices

No exposure indices known.

Appropriate engineering controls

: Good general ventilation should be sufficient to control worker exposure to airborne contaminants.

Environmental exposure controls

: Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation. In some cases, fume scrubbers, filters or engineering modifications to the process equipment will be necessary to reduce emissions to acceptable levels.

Individual protection measures

Section 8. Exposure controls and personal protection

- Hygiene measures** : Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working period. Appropriate techniques should be used to remove potentially contaminated clothing. Wash contaminated clothing before reusing. Ensure that eyewash stations and safety showers are close to the workstation location.
- Eye/face protection** : Safety eyewear complying with an approved standard should be used when a risk assessment indicates this is necessary to avoid exposure to liquid splashes, mists, gases or dusts. If contact is possible, the following protection should be worn, unless the assessment indicates a higher degree of protection: safety glasses with side-shields.
- Skin protection**
- Hand protection** : Chemical-resistant, impervious gloves complying with an approved standard should be worn at all times when handling chemical products if a risk assessment indicates this is necessary.
- Body protection** : Personal protective equipment for the body should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.
- Other skin protection** : Appropriate footwear and any additional skin protection measures should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.
- Respiratory protection** : Based on the hazard and potential for exposure, select a respirator that meets the appropriate standard or certification. Respirators must be used according to a respiratory protection program to ensure proper fitting, training, and other important aspects of use.

Section 9. Physical and chemical properties and safety characteristics

The conditions of measurement of all properties are at standard temperature and pressure unless otherwise indicated.

Appearance

- Physical state** : MVP Total RNA, Human Adult Colon Liquid.
MVP Total RNA Colon Adenocarcinoma Human Adult Liquid.
- Colour** : MVP Total RNA, Human Adult Colon Not available.
MVP Total RNA Colon Adenocarcinoma Human Adult Not available.
- Odour** : MVP Total RNA, Human Adult Colon Not available.
MVP Total RNA Colon Adenocarcinoma Human Adult Not available.
- Odour threshold** : MVP Total RNA, Human Adult Colon Not available.
MVP Total RNA Colon Adenocarcinoma Human Adult Not available.
- pH** : MVP Total RNA, Human Adult Colon 8
MVP Total RNA Colon Adenocarcinoma Human Adult 8

Section 9. Physical and chemical properties and safety characteristics

Melting point/freezing point	: MVP Total RNA, Human Adult Colon	0°C (32°F)
	MVP Total RNA Colon Adenocarcinoma Human Adult	0°C (32°F)
Boiling point, initial boiling point, and boiling range	: MVP Total RNA, Human Adult Colon	100°C (212°F)
	MVP Total RNA Colon Adenocarcinoma Human Adult	100°C (212°F)
Flash point	: MVP Total RNA, Human Adult Colon	Not available.
	MVP Total RNA Colon Adenocarcinoma Human Adult	Not available.
Evaporation rate	: MVP Total RNA, Human Adult Colon	Not available.
	MVP Total RNA Colon Adenocarcinoma Human Adult	Not available.
Flammability	: MVP Total RNA, Human Adult Colon	Not applicable.
	MVP Total RNA Colon Adenocarcinoma Human Adult	Not applicable.
Lower and upper explosion limit/flammability limit	: MVP Total RNA, Human Adult Colon	Not available.
	MVP Total RNA Colon Adenocarcinoma Human Adult	Not available.

Vapour pressure	:		Vapour Pressure at 20°C			Vapour pressure at 50°C		
		Ingredient name	mm Hg	kPa	Method	mm Hg	kPa	Method
		MVP Total RNA, Human Adult Colon						
		water	23.8	3.2		92.258	12.3	
		MVP Total RNA Colon Adenocarcinoma Human Adult						
		water	23.8	3.2		92.258	12.3	

Relative vapour density	: MVP Total RNA, Human Adult Colon	Not available.
	MVP Total RNA Colon Adenocarcinoma Human Adult	Not available.
Relative density	: MVP Total RNA, Human Adult Colon	Not available.
	MVP Total RNA Colon Adenocarcinoma Human Adult	Not available.

Section 9. Physical and chemical properties and safety characteristics

Solubility(ies)	Media	Result
	MVP Total RNA, Human Adult Colon water	Soluble
	MVP Total RNA Colon Adenocarcinoma Human Adult water	Soluble
Partition coefficient: n-octanol/water	MVP Total RNA, Human Adult Colon	Not applicable.
	MVP Total RNA Colon Adenocarcinoma Human Adult	Not applicable.
Auto-ignition temperature	MVP Total RNA, Human Adult Colon	Not available.
	MVP Total RNA Colon Adenocarcinoma Human Adult	Not available.
Decomposition temperature	MVP Total RNA, Human Adult Colon	Not available.
	MVP Total RNA Colon Adenocarcinoma Human Adult	Not available.
Viscosity	MVP Total RNA, Human Adult Colon	Not available.
	MVP Total RNA Colon Adenocarcinoma Human Adult	Not available.
Particle characteristics		
Median particle size	MVP Total RNA, Human Adult Colon	Not applicable.
	MVP Total RNA Colon Adenocarcinoma Human Adult	Not applicable.

Section 10. Stability and reactivity

Reactivity	MVP Total RNA, Human Adult Colon	No specific test data related to reactivity available for this product or its ingredients.
	MVP Total RNA Colon Adenocarcinoma Human Adult	No specific test data related to reactivity available for this product or its ingredients.
Chemical stability	MVP Total RNA, Human Adult Colon	The product is stable.
	MVP Total RNA Colon Adenocarcinoma Human Adult	The product is stable.
Possibility of hazardous reactions	MVP Total RNA, Human Adult Colon	Under normal conditions of storage and use, hazardous reactions will not occur.
	MVP Total RNA Colon Adenocarcinoma Human Adult	Under normal conditions of storage and use, hazardous reactions will not occur.

Section 10. Stability and reactivity

Conditions to avoid	: MVP Total RNA, Human Adult Colon MVP Total RNA Colon Adenocarcinoma Human Adult	No specific data. No specific data.
Incompatible materials	: MVP Total RNA, Human Adult Colon MVP Total RNA Colon Adenocarcinoma Human Adult	May react or be incompatible with oxidising materials. May react or be incompatible with oxidising materials.
Hazardous decomposition products	: MVP Total RNA, Human Adult Colon MVP Total RNA Colon Adenocarcinoma Human Adult	Under normal conditions of storage and use, hazardous decomposition products should not be produced. Under normal conditions of storage and use, hazardous decomposition products should not be produced.

Section 11. Toxicological information

Information on toxicological effects

Acute toxicity

Not available.

Irritation/Corrosion

Not available.

Sensitisation

Not available.

Mutagenicity

Conclusion/Summary : Not available.

Carcinogenicity

Conclusion/Summary : Not available.

Reproductive toxicity

Conclusion/Summary : Not available.

Teratogenicity

Conclusion/Summary : Not available.

Specific target organ toxicity (single exposure)

Not available.

Specific target organ toxicity (repeated exposure)

Not available.

Aspiration hazard

Not available.

Information on likely routes of exposure	: MVP Total RNA, Human Adult Colon MVP Total RNA Colon Adenocarcinoma Human Adult	Not available. Not available.
---	--	----------------------------------

Potential acute health effects

Section 11. Toxicological information

Eye contact	: MVP Total RNA, Human Adult Colon	No known significant effects or critical hazards.
	MVP Total RNA Colon Adenocarcinoma Human Adult	No known significant effects or critical hazards.
Inhalation	: MVP Total RNA, Human Adult Colon	No known significant effects or critical hazards.
	MVP Total RNA Colon Adenocarcinoma Human Adult	No known significant effects or critical hazards.
Skin contact	: MVP Total RNA, Human Adult Colon	No known significant effects or critical hazards.
	MVP Total RNA Colon Adenocarcinoma Human Adult	No known significant effects or critical hazards.
Ingestion	: MVP Total RNA, Human Adult Colon	No known significant effects or critical hazards.
	MVP Total RNA Colon Adenocarcinoma Human Adult	No known significant effects or critical hazards.

Symptoms related to the physical, chemical and toxicological characteristics

Eye contact	: MVP Total RNA, Human Adult Colon	No specific data.
	MVP Total RNA Colon Adenocarcinoma Human Adult	No specific data.
Inhalation	: MVP Total RNA, Human Adult Colon	No specific data.
	MVP Total RNA Colon Adenocarcinoma Human Adult	No specific data.
Skin contact	: MVP Total RNA, Human Adult Colon	No specific data.
	MVP Total RNA Colon Adenocarcinoma Human Adult	No specific data.
Ingestion	: MVP Total RNA, Human Adult Colon	No specific data.
	MVP Total RNA Colon Adenocarcinoma Human Adult	No specific data.

Delayed and immediate effects as well as chronic effects from short and long-term exposure

Short term exposure

Potential immediate effects	: Not available.
Potential delayed effects	: Not available.

Long term exposure

Potential immediate effects	: Not available.
Potential delayed effects	: Not available.

Potential chronic health effects

General	: MVP Total RNA, Human Adult Colon	No known significant effects or critical hazards.
	MVP Total RNA Colon Adenocarcinoma Human Adult	No known significant effects or critical hazards.

Section 11. Toxicological information

Carcinogenicity	: MVP Total RNA, Human Adult Colon	No known significant effects or critical hazards.
	MVP Total RNA Colon Adenocarcinoma Human Adult	No known significant effects or critical hazards.
Mutagenicity	: MVP Total RNA, Human Adult Colon	No known significant effects or critical hazards.
	MVP Total RNA Colon Adenocarcinoma Human Adult	No known significant effects or critical hazards.
Reproductive toxicity	: MVP Total RNA, Human Adult Colon	No known significant effects or critical hazards.
	MVP Total RNA Colon Adenocarcinoma Human Adult	No known significant effects or critical hazards.

Numerical measures of toxicity

Acute toxicity estimates

N/A

Section 12. Ecological information

Toxicity

Not available.

Persistence and degradability

Not available.

Bioaccumulative potential

Not available.

Mobility in soil

Soil/water partition coefficient (K_{oc}) : Not available.

Other adverse effects : No known significant effects or critical hazards.

Section 13. Disposal considerations

Disposal methods : The generation of waste should be avoided or minimised wherever possible. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Waste should not be disposed of untreated to the sewer unless fully compliant with the requirements of all authorities with jurisdiction. Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible. This material and its container must be disposed of in a safe way. Empty containers or liners may retain some product residues. Avoid dispersal of spilt material and runoff and contact with soil, waterways, drains and sewers.

Section 14. Transport information

ADG / IMDG / IATA : Not regulated as Dangerous Goods according to the ADG Code .

Special precautions for user : **Transport within user's premises:** always transport in closed containers that are upright and secure. Ensure that persons transporting the product know what to do in the event of an accident or spillage.

Transport in bulk according to IMO instruments : Not available.

Section 15. Regulatory information

Standard for the Uniform Scheduling of Medicines and Poisons

Not regulated.

Model Work Health and Safety Regulations - Scheduled Substances

No listed substance

International regulations

Chemical Weapon Convention List Schedules I, II & III Chemicals

Not listed.

Montreal Protocol

Not listed.

Stockholm Convention on Persistent Organic Pollutants

Not listed.

Rotterdam Convention on Prior Informed Consent (PIC)

Not listed.

UNECE Aarhus Protocol on POPs and Heavy Metals

Not listed.

Inventory list

Australia	: All components are listed or exempted.
Canada	: All components are listed or exempted.
China	: All components are listed or exempted.
Eurasian Economic Union	: Russian Federation inventory: All components are listed or exempted.
Japan	: Japan inventory (CSCL): All components are listed or exempted. Japan inventory (ISHL): All components are listed or exempted.
New Zealand	: All components are listed or exempted.
Philippines	: All components are listed or exempted.
Republic of Korea	: All components are listed or exempted.
Taiwan	: All components are listed or exempted.
Thailand	: <input checked="" type="checkbox"/> All components are listed or exempted.
Turkey	: All components are listed or exempted.
United States	: <input checked="" type="checkbox"/> All components are active or exempted.
Viet Nam	: All components are listed or exempted.

Section 16. Any other relevant information

History

Date of issue/Date of revision	: 23/03/2023
Date of previous issue	: 25/12/2019
Version	: 6

Section 16. Any other relevant information

Key to abbreviations

: ADG = Australian Dangerous Goods
ADR = The European Agreement concerning the International Carriage of Dangerous Goods by Road
ATE = Acute Toxicity Estimate
BCF = Bioconcentration Factor
GHS = Globally Harmonized System of Classification and Labelling of Chemicals
IATA = International Air Transport Association
IBC = Intermediate Bulk Container
IMDG = International Maritime Dangerous Goods
LogPow = logarithm of the octanol/water partition coefficient
MARPOL = International Convention for the Prevention of Pollution From Ships, 1973 as modified by the Protocol of 1978. ("Marpol" = marine pollution)
N/A = Not available
SUSMP = Standard Uniform Schedule of Medicine and Poisons
UN = United Nations

Procedure used to derive the classification

Classification

Not classified.

✔ Indicates information that has changed from previously issued version.
