

Agilent CrossLab Start Up Services

MassHunter Workstation and Networked Workstation for LC/TOF and LC/QTOF Systems Software Site Preparation Checklist

Thank you for purchasing software from **Agilent Technologies**. CrossLab Start Up is focused on helping customers shorten the time it takes to start realizing the full value of their instrument system investment.

Correct site preparation is the key first step in ensuring that your instruments and software systems operate reliably over an extended lifetime. This document is an **information guide and checklist** prepared for you that outlines the software requirements for the system set up in your lab.

Introduction

This site preparation checklist applies to MassHunter Acquisition for TOF/QTOF 11.0 and higher, MassHunter Quantitative Analysis 11.0 and higher, MassHunter BioConfirm 11.0 and higher, and MassHunter Qualitative Analysis 10.0 and higher running in Workstation and Networked Workstation configurations.

Customer Information

- If you have questions or problems in providing anything described as part of Customer Responsibilities below, please contact your local Agilent or partner support / service organization for assistance prior to delivery. In addition, Agilent and/or its partners reserve the right to reschedule the installation dependent upon the readiness of your laboratory.
- Should your site not be ready for whatever reasons, please contact Agilent as soon as possible to re-schedule any services that have been purchased.
- Other optional services such as additional training, operational qualification (OQ) and consultation for user-specific applications may also be provided at the time of installation when ordered with the system but should be contracted separately.

Customer Responsibilities

Ensure that your site meets the following specifications before the installation date. For details, see specific sections within this checklist, including

- The **computing environment** and the necessary space is made available.
- The number and location of **electrical outlets** for your computer systems and peripherals are planned.
- Your site meets the **software, hardware, and networking specifications** described later in this document.
- Locate your **sales order information**, software authorization codes, and/or software licenses/certificates.
- Check for Hotfix, Microsoft updates, and patch compatibility appropriate for the customer's system. **Critical Note: Current Microsoft updates and Windows version must be installed in the customer provided PC before installation can begin.**
- The necessary **software media**, disks etc. are available including upgrade/update disks.
- That a suitable **backup solution** is identified for your software.

- If Agilent is delivering **Installation and Introduction services**, users of the instrument system should be present throughout these services. Otherwise, they will miss important operational, maintenance, and safety information.
- Availability of a **system/network administrator** as needed to connect to your intranet.
- Please consult the **Special Requirements** section for other product-specific information.

Important Customer Web Links

- To access **Agilent University**, visit <http://www.agilent.com/crosslab/university/> to learn about training options, which include online, classroom and onsite delivery. A training specialist can work directly with you to help determine your best options.
- To access the **Agilent Resource Center** web page, visit <https://www.agilent.com/en-us/agilentresources>. The following information topics are available:
 - Sample Prep and Containment
 - Chemical Standards
 - Analysis
 - Service and Support
 - Application Workflows
- The **Agilent Community** is an excellent place to get answers, collaborate with others about applications and Agilent products, and find in-depth documents and videos relevant to Agilent technologies. Visit <https://community.agilent.com/welcome>
- Videos about specific preparation requirements for your instrument can be found by searching the **Agilent YouTube** channel at <https://www.youtube.com/user/agilent>
- **Need to place a service call?** [Flexible Repair Options | Agilent](#)
- The **Software Status Bulletin (SSB)** documents known problems in the software product. Visit the links for the relevant software application.

 - Qualitative Analysis: <https://www.agilent.com/en/support/software-informatics/mhqual-g3336aa-ssb>
 - Quantitative Analysis: <https://www.agilent.com/en/support/software-informatics/mhquant-g3336aa-ssb>

Site Preparation

Software Specifications for Workstations and Networked Workstations

Special notes

- If you have purchased a system including hardware instrumentation, refer to the hardware and peripheral device Site Preparation Checklist for requirements regarding laboratory bench space requirements.
- Refer to the MassHunter Workstation 11 Requirements Guide (D0011911) for more details.

Software Specification Description	Recommended	Comments
Operating system name, version	Windows 10 Professional, 1909 or newer Windows 10 Enterprise / LTSC, 1809 or newer	
O/S .NET and other add-ons	.NET 3.5.1 & .NET 4.7.2	
Language settings/compatibility	English	
Regional settings/compatibility	US-en; US English	
Account settings/privileges	Administrator privileges needed for software installation	
Specific drivers	N/A	

Computer Hardware Specifications for Workstations and Networked Workstations

Special notes

- Refer to the MassHunter Workstation 11 Requirements Guide (D0011911) for computer hardware specification details.

Networking Specifications

Special notes

- Refer to the MassHunter Workstation 11 Requirements Guide (D0011911) for networking specification details.

Service Engineer Review (Optional)

If the Service Engineer completed a review of the Site Preparation requirements with the customer, the Service Engineer should complete the following Comments section.

Service Engineer Comments

If there are any specific points that should be noted as part of performing the site preparation review or other items of interest for the customer, please write in this box.
