

Agilent InfinityLab Ultivo LC/TQ

Site Preparation Guide

Inspection

Delivery and Installation

Once the shipping containers are unloaded, examine them for any obvious external damage. If any of the containers appear damaged, note on the carrier's bill of lading that there is: **Apparent damage - subject to inspection and test**. Arrange for both the carrier's claims representative and your Agilent service representative to be present when the containers are unpacked.

Do not open any of the shipping containers unless a representative of Agilent Technologies is present. Opening any of the containers without an Agilent Technologies representative being present will void the receiving warranty on the Instrument.

1	Once the shipping containers are unloaded, examine them for any obvious external damage.	
2	Once the shipping containers are unloaded, examine them for any obvious external damage.	

3	If any of the containers appear damaged, note on the carrier's bill of lading that there is: Apparent damage - subject to inspection and test.	
4	If any of the containers appear damaged, note on the carrier's bill of lading that there is: Apparent damage - subject to inspection and test.
