Agilent high voltage feedthroughs are rated up to 12kV.

Model is available equipped with a stainless steel Mini-ConFlat® flange.

### 12kV F/T FISCHER

- **Specifications**
  - **12kV F/T Fischer**
  - **Model Number 959-5125**
  - **Voltage rating (below 10^{-4} Torr/mbar)**: 12kV F/T Fischer
  - **Current rating**: 1A maximum
  - **Temperature bakeout range**: -196°C to +450°C
  - **Body material**: Stainless steel
  - **Mounting flange**: 1.33” O.D. mini (NW16)
  - **Mating connector external side**: 929-0705
    - H.V. radiation cable with interlock and Fischer F/T C.U. side
    - 929-0706
    - H.V. radiation cable with interlock and king F/T C.U. side

### DISPOSAL

**Meaning of the "WEEE" logo found in labels**

The following symbol is applied in accordance with the EC WEEE (Waste Electrical and Electronic Equipment) Directive. This symbol (valid only in countries of the European Community) indicates that the product it applies to must NOT be disposed of together with ordinary domestic or industrial waste but must be sent to a differentiated waste collection system. The end user is therefore invited to contact the supplier of the device, whether the Parent Company or a retailer, to initiate the collection and disposal process after checking the contractual terms and conditions of sale.
