5067-5585 0006928765

Lot 0006928765

Certificate of Conformance

Catalog Number	5067-5585
Product Name	High Sensitivity D1000 Reagents
Expiration Date	2028-04-12
Approved By	Sarah Dasch **Date:** 2026-11-03

Kit Component Lot Numbers

High Sensitivity D1000 Sample Buffer (5190-6504)	0006912018
High Sensitivity D1000 Ladder (5008-0025)	0006912019

Conformance

Results obtained from inspection and testing procedures during manufacture are verified to ensure that the product meets current specifications.

The reagents have been manufactured and tested under the control of an internationally certified quality assurance system meeting the requirements of ISO9001:2015, or higher certification standards. The manufacture, inspection, and testing have been performed by trained personnel. The equipment and materials used in the manufacturing process are identifiable and traceable. All associated test equipment is maintained and calibrated.

Limited Use Label License

These products may contain either SYBR® Green or SYBR® Gold nucleic acid stains which are provided under an agreement between Life Technologies Corporation and Agilent Technologies, and the manufacture, use, sale or import of this product is subject to one or more of U.S. Patents and corresponding international equivalents, owned by Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased amount of the product and components of the product in research conducted by the buyer in conjunction with Agilent Technologies automated gel electrophoresis system, where such research does not include testing, analysis or screening services for any third party in return for compensation on a per test basis. The buyer cannot sell or otherwise transfer (a) this product (b) its components or (c) materials made using this product or its components to a third party or otherwise use this product or its components or materials made using this product or its components for Commercial Purposes. Commercial Purposes means any activity by a party for consideration and may include, but is not limited to: (1) use of the product or its components in manufacturing; (2) use of the product or its components to provide a service , information, or data; (3) use of the product or its components for therapeutic , diagnostic or prophylactic purposes; or (4) resale of the product or its components , whether or not such product or its components are resold for use in research. For information on purchasing a license to this product for purposes other than research, contact Thermo Fisher Scientific, 5823 Newton Drive, Carlsbad, CA, 92008, United States.

For Research Use Only. Not for use in diagnostic procedures.
