

5190-0418 0000051069

Lot 0000051069

Page 1 of 1

Catalog Number	5190-0418
Product Name	Genomic DNA Purification Module
Expiration Date	2016-02-01
Quantity	10 Purification Columns 10 Collection Tubes
Certified By	Derek Hall
Quality Controlled By	Matt Huffman
Shipping Conditions	Shipped at +4°C.
Storage Conditions	Store at +4°C.

Description

The Genomic DNA Purification Module is used for ULS-labeled genomic DNA purification. It has been modified from its original KREApure design to be compatible with the Agilent Oligo aCGH solution.

Test Conditions

The components in this kit are tested for DNA recovery and ULS binding capacity. First, labeled DNA is put onto the column and eluted. The yield of the eluted DNA is determined. Then, free ULS-reagent is loaded onto the column and eluted.

Limited Product Warranty

This warranty limits our liability to replacement of this product. No other warranties of any kind, express or implied, including, without limitation, implied warranties of merchantability or fitness for a particular purpose, are provided by Agilent. Agilent shall have no liability for any direct, indirect, consequential, or incidental damages arising out of the use, the results of use, or the inability to use this product.

For Research Use Only. Not for use in diagnostic procedures. This certificate is a declaration of analysis at the time of manufacture.
