

Lot 0006234639

Page 1 of 1

Catalog Number	600892
Product Name	Brilliant III Ultra-Fast SYBR® Green QPCR Master Mix with Low ROX
Expiration Date	2016-01-30
Quantity	400 Reactions (4 ml of a 2× master mix)
Certified By	Dana Faver
Quality Controlled By	Tricia Molina
Shipping Conditions	Shipped on dry ice.

Storage Conditions

Store at -20°C upon receipt. After thawing, the master mix may be stored at 4°C for up to one month or returned to -20°C for long term storage. The master mix is light sensitive and should be kept away from light whenever possible.

Test Conditions

The 2× master mix is tested in a real-time QPCR assay for the ability to quantitatively amplify a product from a highly complex target.

Contamination Test Conditions

The 2× master mix is tested extensively to confirm the absence of DNA contamination.

Notice to Purchaser: Limited License

This product is provided under an intellectual property license from Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and components of the product only in research conducted by the buyer (whether the buyer is an academic or for-profit entity). The sale of this product is expressly conditioned on the buyer not using the product or its components for any Commercial Purposes. Commercial Purposes means any activity by the buyer to generate revenue, which may include, but is not limited to use of the product or its components: (1) in manufacturing or in quality assurance or quality control; (2) to provide a service, information, or data for a fee or other consideration; (3) for therapeutic or prophylactic purposes; (4) for diagnostic use; and (5) for resale, whether or not such items are resold for use in research. For information on purchasing a license to this product for purposes other than research, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbad , CA 92008 USA or outlicensing@lifetech.com.

Use of this product is covered by one or more of the following US patents and corresponding patent claims outside the US: 6,258,569, 6,171,785, 6,127,155, 6,030,787, 5,994,056, 5,876,930, 5,804,375, 5,789,224, 5,773,258 (claims 1 and 6 only), 5,723,591, 5,677,152 (claims 1 to 23 only), 5,618,711, 5,538,848, and claims outside the US corresponding to expired US Patent No. 5,079,352. The purchase of this product includes a limited, non-transferable immunity from suit under the foregoing patent claims for using only this amount of product for the purchaser's own internal research. No right under any other patent claim and no right to perform commercial services of any kind, including without limitation reporting the results of purchaser's activities for a fee or other commercial consideration, is conveyed expressly, by implication, or by estoppel. This product is for research use only. Diagnostic uses under Roche patents require a separate license from Roche. Further information on purchasing licenses may be obtained by contacting the Director of Licensing, Applied Biosystems, 850 Lincoln Centre Drive, Foster City, California 94404, USA.

Endnotes

SYBR® is a trademark or registered trademark of Molecular Probes, Inc. in the US and elsewhere.

Limited Product Warranty

This warranty limits our liability to replacement of this product. No other warranties of any kind, express or implied, including, without limitation, implied warranties of merchantability or fitness for a particular purpose, are provided by Agilent. Agilent shall have no liability for any direct, indirect, consequential, or incidental damages arising out of the use, the results of use, or the inability to use this product.

For research use only. Not for use in diagnostic procedures. This certificate is a declaration of analysis at the time of manufacture.
