What Is Happening:

Agilent has deployed a new Supplier Onboarding solution effective June 21, 2021. This solution offers a digital portal for suppliers to interact with Agilent in a secure way. At the onset of engagement, suppliers will receive a one-time self-registration link to access the portal and provide required information.

How You Are Impacted:

Effective June 21, 2021, all supplier onboarding communication will be handled through the Agilent Supplier Portal.

Required Action:

Complete a quick [Training](#) module and use Agilent Supplier Portal for supplier onboarding requests.
