

## Section 2. Hazards identification

<b>Storage</b>	: Control DNA Target Control gRNA	Not applicable. Not applicable.
<b>Disposal</b>	: Control DNA Target Control gRNA	Not applicable. Not applicable.
<b>Supplemental label elements</b>	: Control DNA Target Control gRNA	None known. None known.

### 2.3 Other hazards

<b>Hazards not otherwise classified</b>	: Control DNA Target Control gRNA	None known. None known.
---	--------------------------------------	----------------------------

## Section 3. Composition/information on ingredients

<b>Substance/mixture</b>	: Control DNA Target Control gRNA	Mixture Mixture
--------------------------	--------------------------------------	--------------------

There are no ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified and hence require reporting in this section.

## Section 4. First aid measures

### 4.1 Description of necessary first aid measures

<b>Eye contact</b>	: Control DNA Target  Control gRNA	Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Get medical attention if irritation occurs. Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Get medical attention if irritation occurs.
<b>Inhalation</b>	: Control DNA Target  Control gRNA	Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical attention if symptoms occur. Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical attention if symptoms occur.
<b>Skin contact</b>	: Control DNA Target  Control gRNA	Flush contaminated skin with plenty of water. Remove contaminated clothing and shoes. Get medical attention if symptoms occur. Flush contaminated skin with plenty of water. Remove contaminated clothing and shoes. Get medical attention if symptoms occur.
<b>Ingestion</b>	:  Control DNA Target  Control gRNA	Wash out mouth with water. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Do not induce vomiting unless directed to do so by medical personnel. Get medical attention if symptoms occur. Wash out mouth with water. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Do not induce vomiting unless directed to do so by medical personnel. Get medical attention if symptoms occur.

### 4.2 Most important symptoms/effects, acute and delayed

#### Potential acute health effects

## Section 4. First aid measures

<b>Eye contact</b>	: Control DNA Target Control gRNA	No known significant effects or critical hazards. No known significant effects or critical hazards.
<b>Inhalation</b>	: Control DNA Target Control gRNA	No known significant effects or critical hazards. No known significant effects or critical hazards.
<b>Skin contact</b>	: Control DNA Target Control gRNA	No known significant effects or critical hazards. No known significant effects or critical hazards.
<b>Ingestion</b>	: Control DNA Target Control gRNA	No known significant effects or critical hazards. No known significant effects or critical hazards.

### Over-exposure signs/symptoms

<b>Eye contact</b>	: Control DNA Target Control gRNA	No specific data. No specific data.
<b>Inhalation</b>	: Control DNA Target Control gRNA	No specific data. No specific data.
<b>Skin contact</b>	: Control DNA Target Control gRNA	No specific data. No specific data.
<b>Ingestion</b>	: Control DNA Target Control gRNA	No specific data. No specific data.

### 4.3 Indication of immediate medical attention and special treatment needed, if necessary

<b>Notes to physician</b>	: Control DNA Target  Control gRNA	Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled. Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled.
<b>Specific treatments</b>	: Control DNA Target Control gRNA	No specific treatment. No specific treatment.
<b>Protection of first-aiders</b>	: Control DNA Target  Control gRNA	No action shall be taken involving any personal risk or without suitable training. No action shall be taken involving any personal risk or without suitable training.

See toxicological information (Section 11)

## Section 5. Fire-fighting measures

### 5.1 Extinguishing media

<b>Suitable extinguishing media</b>	: Control DNA Target Control gRNA	Use an extinguishing agent suitable for the surrounding fire. Use an extinguishing agent suitable for the surrounding fire.
<b>Unsuitable extinguishing media</b>	: Control DNA Target Control gRNA	None known. None known.

### 5.2 Special hazards arising from the substance or mixture

<b>Specific hazards arising from the chemical</b>	: Control DNA Target Control gRNA	In a fire or if heated, a pressure increase will occur and the container may burst. In a fire or if heated, a pressure increase will occur and the container may burst.
<b>Hazardous thermal decomposition products</b>	: Control DNA Target Control gRNA	No specific data. No specific data.

### 5.3 Advice for firefighters

## Section 5. Fire-fighting measures

**Special protective actions for fire-fighters** : Control DNA Target

Control gRNA

Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.

Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.

**Special protective equipment for fire-fighters** : Control DNA Target

Control gRNA

Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

## Section 6. Accidental release measures

### 6.1 Personal precautions, protective equipment and emergency procedures

**For non-emergency personnel** : Control DNA Target

Control gRNA

No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilled material. Put on appropriate personal protective equipment.

No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilled material. Put on appropriate personal protective equipment.

**For emergency responders** : Control DNA Target

Control gRNA

If specialized clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials. See also the information in "For non-emergency personnel". If specialized clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials. See also the information in "For non-emergency personnel".

**6.2 Environmental precautions** : Control DNA Target

Control gRNA

Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).

Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).

### 6.3 Methods and materials for containment and cleaning up

## Section 6. Accidental release measures

**Methods for cleaning up** : Control DNA Target

Stop leak if without risk. Move containers from spill area. Dilute with water and mop up if water-soluble. Alternatively, or if water-insoluble, absorb with an inert dry material and place in an appropriate waste disposal container. Dispose of via a licensed waste disposal contractor.

Control gRNA

Stop leak if without risk. Move containers from spill area. Dilute with water and mop up if water-soluble. Alternatively, or if water-insoluble, absorb with an inert dry material and place in an appropriate waste disposal container. Dispose of via a licensed waste disposal contractor.

## Section 7. Handling and storage

### 7.1 Precautions for safe handling

**Protective measures** : Control DNA Target

Put on appropriate personal protective equipment (see Section 8).

Control gRNA

Put on appropriate personal protective equipment (see Section 8).

**Advice on general occupational hygiene** : Control DNA Target

Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. Remove contaminated clothing and protective equipment before entering eating areas. See also Section 8 for additional information on hygiene measures.

Control gRNA

Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. Remove contaminated clothing and protective equipment before entering eating areas. See also Section 8 for additional information on hygiene measures.

**7.2 Conditions for safe storage, including any incompatibilities** : Control DNA Target

Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10) and food and drink. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabeled containers. Use appropriate containment to avoid environmental contamination. See Section 10 for incompatible materials before handling or use.

Control gRNA

Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10) and food and drink. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabeled containers. Use appropriate containment to avoid environmental contamination. See Section 10 for incompatible materials before handling or use.

## Section 7. Handling and storage

### 7.3 Specific end use(s)

<b>Recommendations</b>	: Control DNA Target Control gRNA	Industrial applications, Professional applications. Industrial applications, Professional applications.
<b>Industrial sector specific solutions</b>	:  Control DNA Target Control gRNA	Not available. Not available.

## Section 8. Exposure controls/personal protection

### 8.1 Control parameters

#### Occupational exposure limits

Ingredient name	Exposure limits
None.	

### Biological exposure indices

No exposure indices known.

### 8.2 Exposure controls

<b>Appropriate engineering controls</b>	: Good general ventilation should be sufficient to control worker exposure to airborne contaminants.
<b>Environmental exposure controls</b>	: Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation. In some cases, fume scrubbers, filters or engineering modifications to the process equipment will be necessary to reduce emissions to acceptable levels.

### Individual protection measures

<b>Hygiene measures</b>	: Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working period. Appropriate techniques should be used to remove potentially contaminated clothing. Wash contaminated clothing before reusing. Ensure that eyewash stations and safety showers are close to the workstation location.
-------------------------	---

<b>Eye/face protection</b>	: Safety eyewear complying with an approved standard should be used when a risk assessment indicates this is necessary to avoid exposure to liquid splashes, mists, gases or dusts. If contact is possible, the following protection should be worn, unless the assessment indicates a higher degree of protection: safety glasses with side-shields.
----------------------------	---

### Skin protection

<b>Hand protection</b>	: Chemical-resistant, impervious gloves complying with an approved standard should be worn at all times when handling chemical products if a risk assessment indicates this is necessary.
------------------------	---

<b>Body protection</b>	: Personal protective equipment for the body should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.
------------------------	---

<b>Other skin protection</b>	: Appropriate footwear and any additional skin protection measures should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.
------------------------------	---

<b>Respiratory protection</b>	: Based on the hazard and potential for exposure, select a respirator that meets the appropriate standard or certification. Respirators must be used according to a respiratory protection program to ensure proper fitting, training, and other important aspects of use.
-------------------------------	--

## Section 9. Physical and chemical properties and safety characteristics

The conditions of measurement of all properties are at standard temperature and pressure unless otherwise indicated.

### Appearance

<b>Physical state</b>	: Control DNA Target	Liquid.
	Control gRNA	Liquid.
<b>Color</b>	: Control DNA Target	Not available.
	Control gRNA	Not available.
<b>Odor</b>	: Control DNA Target	Not available.
	Control gRNA	Not available.
<b>Odor threshold</b>	: Control DNA Target	Not available.
	Control gRNA	Not available.
<b>pH</b>	: Control DNA Target	8
	Control gRNA	7
<b>Melting point/freezing point</b>	: Control DNA Target	0°C (32°F)
	Control gRNA	0°C (32°F)
<b>Boiling point, initial boiling point, and boiling range</b>	: Control DNA Target	100°C (212°F)
	Control gRNA	100°C (212°F)
<b>Flash point</b>	: Control DNA Target	Not available.
	Control gRNA	Not available.
<b>Evaporation rate</b>	: Control DNA Target	Not available.
	Control gRNA	Not available.
<b>Flammability</b>	: Control DNA Target	Not applicable.
	Control gRNA	Not applicable.
<b>Lower and upper explosion limit/flammability limit</b>	: Control DNA Target	Not available.
	Control gRNA	Not available.
<b>Vapor pressure</b>	:	

Ingredient name	Vapor Pressure at 20°C			Vapor pressure at 50°C		
	mm Hg	kPa	Method	mm Hg	kPa	Method
 <b>Control DNA Target</b>						
water	17.5	2.3	-	92.258	12.3	-
<b>Control gRNA</b>						
water	17.5	2.3	-	92.258	12.3	-

<b>Relative vapor density</b>	: Control DNA Target	Not available.
	Control gRNA	Not available.
<b>Relative density</b>	: Control DNA Target	Not available.
	Control gRNA	Not available.
<b>Solubility(ies)</b>	: <b>Media</b>	<b>Result</b>
	 <b>Control DNA Target</b>	
	water	Soluble
	<b>Control gRNA</b>	
	water	Soluble
<b>Partition coefficient: n-octanol/water</b>	:  Control DNA Target	Not applicable.
	Control gRNA	Not applicable.
<b>Auto-ignition temperature</b>	:  Not available.	
<b>Decomposition temperature</b>	: Control DNA Target	Not available.
	Control gRNA	Not available.

## Section 9. Physical and chemical properties and safety characteristics

<b>Viscosity</b>	: Control DNA Target	Not available.
	Control gRNA	Not available.
<b>Particle characteristics</b>		
<b>Median particle size</b>	:  Control DNA Target	Not applicable.
	Control gRNA	Not applicable.

## Section 10. Stability and reactivity

<b>10.1 Reactivity</b>	: Control DNA Target	No specific test data related to reactivity available for this product or its ingredients.
	Control gRNA	No specific test data related to reactivity available for this product or its ingredients.
<b>10.2 Chemical stability</b>	: Control DNA Target	The product is stable.
	Control gRNA	The product is stable.
<b>10.3 Possibility of hazardous reactions</b>	: Control DNA Target	Under normal conditions of storage and use, hazardous reactions will not occur.
	Control gRNA	Under normal conditions of storage and use, hazardous reactions will not occur.
<b>10.4 Conditions to avoid</b>	: Control DNA Target	No specific data.
	Control gRNA	No specific data.
<b>10.5 Incompatible materials</b>	: Control DNA Target	May react or be incompatible with oxidizing materials.
	Control gRNA	May react or be incompatible with oxidizing materials.
<b>10.6 Hazardous decomposition products</b>	: Control DNA Target	Under normal conditions of storage and use, hazardous decomposition products should not be produced.
	Control gRNA	Under normal conditions of storage and use, hazardous decomposition products should not be produced.

## Section 11. Toxicological information

### 11.1 Information on toxicological effects

#### Acute toxicity

Not available.

#### Irritation/Corrosion

Not available.

#### Sensitization

Not available.

#### Mutagenicity

**Conclusion/Summary** : Not available.

#### Carcinogenicity

**Conclusion/Summary** : Not available.

#### Reproductive toxicity

**Conclusion/Summary** : Not available.

#### Teratogenicity

## Section 11. Toxicological information

**Conclusion/Summary** : Not available.

### Specific target organ toxicity (single exposure)

Not available.

### Specific target organ toxicity (repeated exposure)

Not available.

### Aspiration hazard

Not available.

**Information on the likely routes of exposure** : Control DNA Target  
Control gRNA

Not available.

Not available.

### Potential acute health effects

**Eye contact** : Control DNA Target  
Control gRNA

No known significant effects or critical hazards.

No known significant effects or critical hazards.

**Inhalation** : Control DNA Target  
Control gRNA

No known significant effects or critical hazards.

No known significant effects or critical hazards.

**Skin contact** : Control DNA Target  
Control gRNA

No known significant effects or critical hazards.

No known significant effects or critical hazards.

**Ingestion** : Control DNA Target  
Control gRNA

No known significant effects or critical hazards.

No known significant effects or critical hazards.

### Symptoms related to the physical, chemical and toxicological characteristics

**Eye contact** : Control DNA Target  
Control gRNA

No specific data.

No specific data.

**Inhalation** : Control DNA Target  
Control gRNA

No specific data.

No specific data.

**Skin contact** : Control DNA Target  
Control gRNA

No specific data.

No specific data.

**Ingestion** : Control DNA Target  
Control gRNA

No specific data.

No specific data.

### Delayed and immediate effects and also chronic effects from short and long term exposure

#### Short term exposure

**Potential immediate effects** : Not available.

**Potential delayed effects** : Not available.

#### Long term exposure

**Potential immediate effects** : Not available.

**Potential delayed effects** : Not available.

#### Potential chronic health effects

**General** : Control DNA Target  
Control gRNA

No known significant effects or critical hazards.

No known significant effects or critical hazards.

**Carcinogenicity** : Control DNA Target  
Control gRNA

No known significant effects or critical hazards.

No known significant effects or critical hazards.

**Mutagenicity** : Control DNA Target  
Control gRNA

No known significant effects or critical hazards.

No known significant effects or critical hazards.

**Reproductive toxicity** :  Control DNA Target  
Control gRNA

No known significant effects or critical hazards.

No known significant effects or critical hazards.

### Numerical measures of toxicity

## Section 11. Toxicological information

### Acute toxicity estimates

N/A

## Section 12. Ecological information

### 12.1 Toxicity

Not available.

### 12.2 Persistence and degradability

Not available.

### 12.3 Bioaccumulative potential

Not available.

### 12.4 Mobility in soil

**Soil/water partition coefficient ( $K_{oc}$ )** : Not available.

**12.5 Other adverse effects** : No known significant effects or critical hazards.

## Section 13. Disposal considerations

### 13.1 Waste treatment methods

**Disposal methods** : The generation of waste should be avoided or minimized wherever possible. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Waste should not be disposed of untreated to the sewer unless fully compliant with the requirements of all authorities with jurisdiction. Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible. This material and its container must be disposed of in a safe way. Empty containers or liners may retain some product residues. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.

**Disposal should be in accordance with applicable regional, national and local laws and regulations. Local regulations may be more stringent than regional or national requirements.**

**The information presented below only applies to the material as supplied. The identification based on characteristic(s) or listing may not apply if the material has been used or otherwise contaminated. It is the responsibility of the waste generator to determine the toxicity and physical properties of the material generated to determine the proper waste identification and disposal methods in compliance with applicable regulations.**

**Refer to Section 7: HANDLING AND STORAGE and Section 8: EXPOSURE CONTROLS/PERSONAL PROTECTION for additional handling information and protection of employees.**

## Section 14. Transport information

**DOT / TDG / Mexico / IMDG / IATA** : Not regulated.

**Special precautions for user** : **Transport within user's premises:** always transport in closed containers that are upright and secure. Ensure that persons transporting the product know what to do in the event of an accident or spillage.

**Transport in bulk according to IMO instruments** : Not available.

## Section 15. Regulatory information

### 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

**U.S. Federal regulations** : **TSCA 8(a) CDR Exempt/Partial exemption:** Not determined  
**Clean Water Act (CWA) 311:** Edetic acid

**Clean Air Act Section 112 (b) Hazardous Air Pollutants (HAPs)** : Not listed

**Clean Air Act Section 602 Class I Substances** : Not listed

**Clean Air Act Section 602 Class II Substances** : Not listed

**DEA List I Chemicals (Precursor Chemicals)** : Not listed

**DEA List II Chemicals (Essential Chemicals)** : Not listed

#### SARA 302/304

##### Composition/information on ingredients

No products were found.

**SARA 304 RQ** : Not applicable.

#### SARA 311/312

**Classification** : Control DNA Target Not applicable.  
 Control gRNA Not applicable.

##### Composition/information on ingredients

No products were found.

#### State regulations

**Massachusetts** : None of the components are listed.

**New York** : None of the components are listed.

**New Jersey** : None of the components are listed.

**Pennsylvania** : None of the components are listed.

#### California Prop. 65

This product does not require a Safe Harbor warning under California Prop. 65.

#### International regulations

##### Chemical Weapon Convention List Schedules I, II & III Chemicals

Not listed.

#### Montreal Protocol

## Section 15. Regulatory information

Not listed.

### [Stockholm Convention on Persistent Organic Pollutants](#)

Not listed.

### [Rotterdam Convention on Prior Informed Consent \(PIC\)](#)

Not listed.

### [UNECE Aarhus Protocol on POPs and Heavy Metals](#)

Not listed.

### [Inventory list](#)

<b>Australia</b>	: Not determined.
<b>Canada</b>	: Not determined.
<b>China</b>	: All components are listed or exempted.
<b>Japan</b>	: <b>Japan inventory (CSCL)</b> : Not determined. <b>Japan inventory (ISHL)</b> : All components are listed or exempted.
<b>New Zealand</b>	: Not determined.
<b>Philippines</b>	: Not determined.
<b>Republic of Korea</b>	: Not determined.
<b>Taiwan</b>	: All components are listed or exempted.
<b>Thailand</b>	: Not determined.
<b>Turkey</b>	: Not determined.
<b>United States</b>	: All components are active or exempted.
<b>Viet Nam</b>	: Not determined.

## Section 16. Other information

### [Procedure used to derive the classification](#)

Classification	Justification
Not classified.	

### [History](#)

**Date of issue/Date of revision** : 06/30/2023

**Date of previous issue** : 06/16/2020

**Version** : 5

**Key to abbreviations** : ATE = Acute Toxicity Estimate  
BCF = Bioconcentration Factor  
GHS = Globally Harmonized System of Classification and Labelling of Chemicals  
IATA = International Air Transport Association  
IBC = Intermediate Bulk Container  
IMDG = International Maritime Dangerous Goods  
LogPow = logarithm of the octanol/water partition coefficient  
MARPOL = International Convention for the Prevention of Pollution From Ships, 1973 as modified by the Protocol of 1978. ("Marpol" = marine pollution)  
N/A = Not available  
UN = United Nations

📌 Indicates information that has changed from previously issued version.
